To a good kid
whom I will always
remember. The best
of luck in everything
you undertake. Tommy Hudson

To a real swell
kid whom I admire
as a student and
athlete. Best of
luck always.
Charles
Sr. 1611

Do a real nice,
sweet boy & we
enjoyed knowing
in this short year.
Yours
Charlotte
Case

To a boy that used
to learn how to
work algebra with
out my help and
who also used to
get in shape to
run the mile in 5:20
before ever met this
wrecker so next wkend
ever one it is.

Red. or
James Neville

To a swell friend
Remember our
Jr. High loves. I
want my old flame
back!

Love ya!
Vicki

To a real good guy (only if
you earn the mile!)

Roger C. McDaniel Bobby

Best wishes in the
future and good luck.
She want get me:

To a nice and
sweet boy. I have enjoy
knowing you.
Best of luck in the
future.

Love.
Dear Pete

To one of the nicest
boys I know and to
also hope to keep him
as one of my friends

Yours Truly
Elsie Holtzaugh

Bryan, swell
To a real swell
guy who I will
Always remember.
Remember all our
good times. Lots
of luck in the
future. Donald

We used to be the
greatest of friend, but
now you are my enemy
and I am.

Yours,
Robbie Teade

Glad to have made
the acquaintance with you.
I know you must be a nice
boy though you haven't shown
me you are yet. Just kidding.

Yours
Cheerio

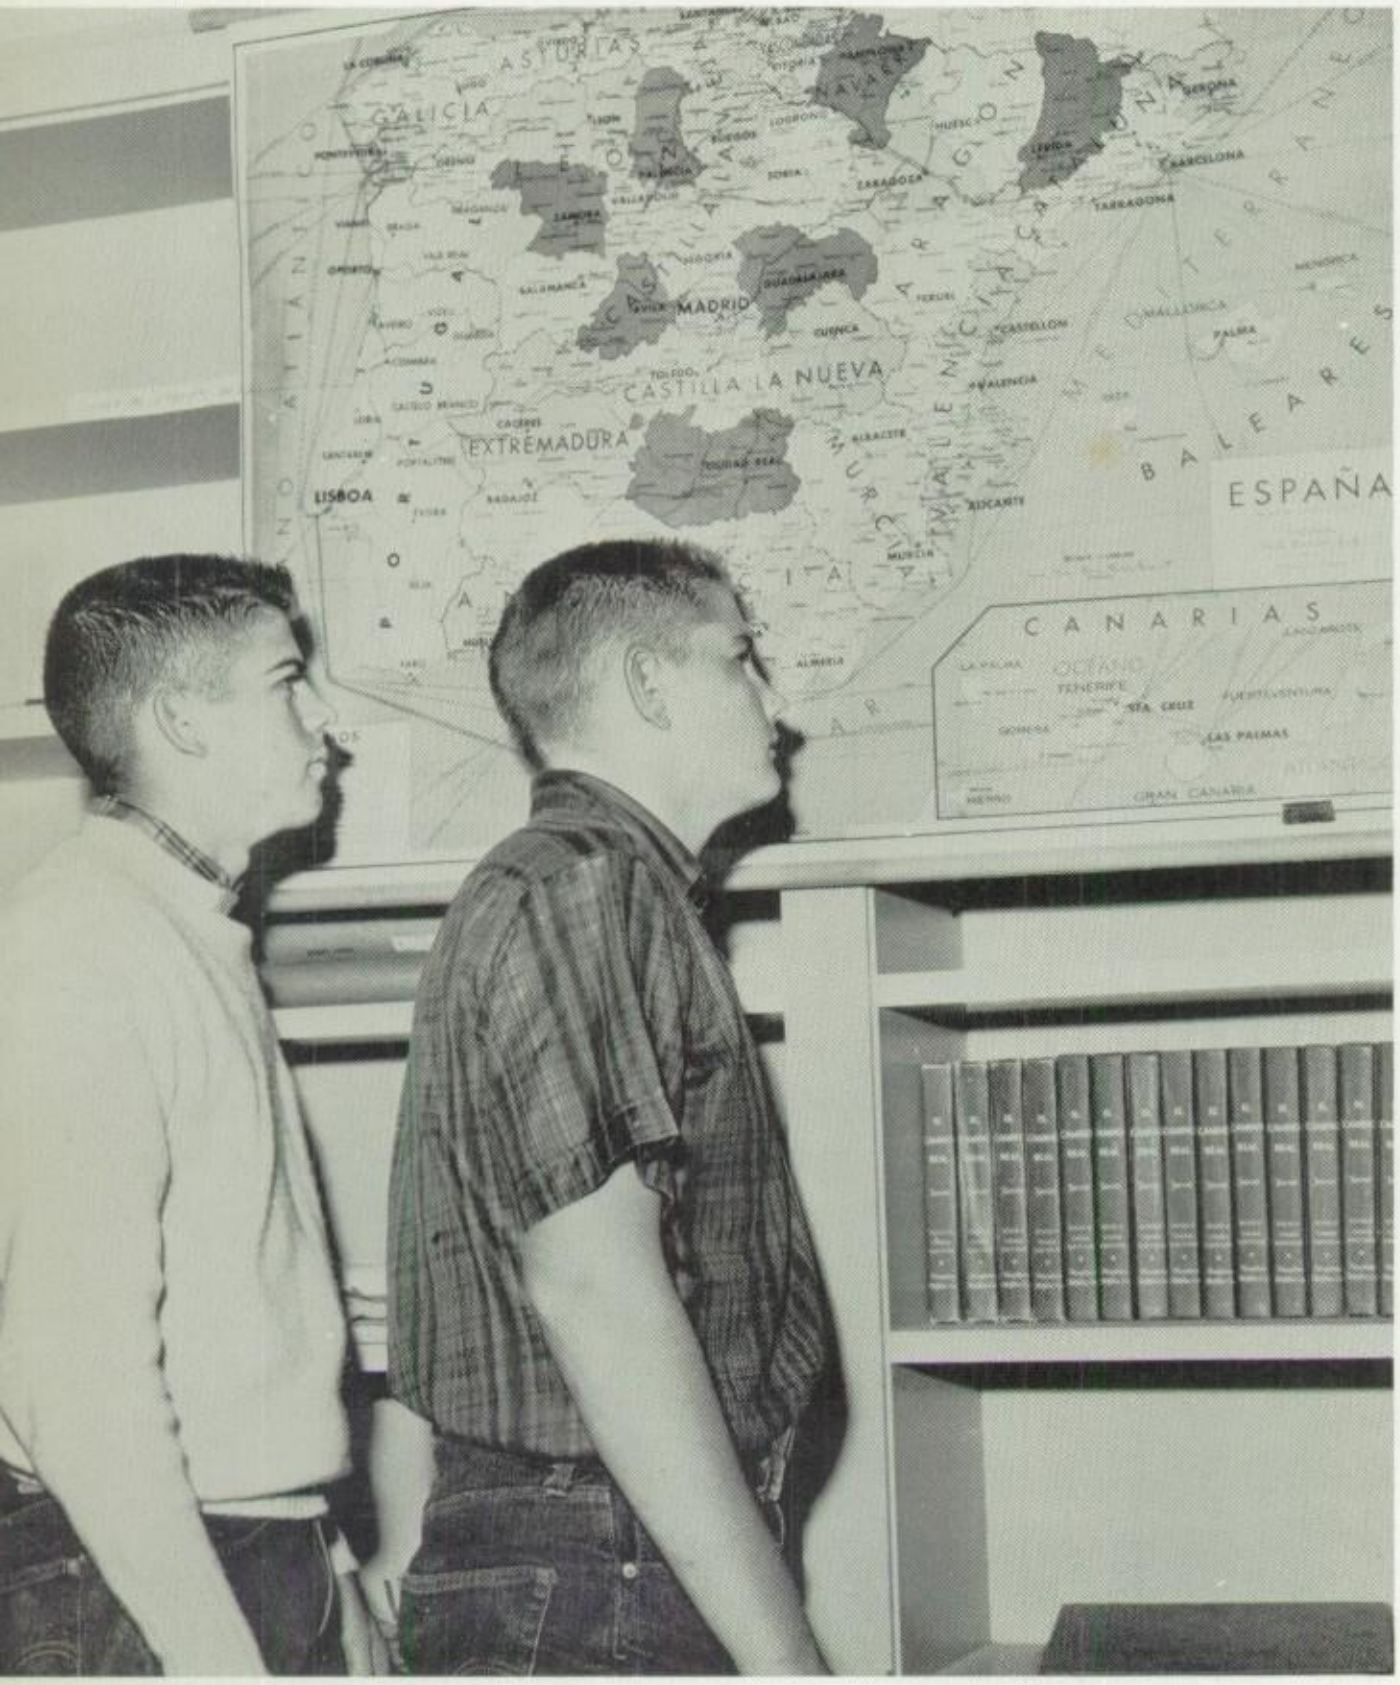
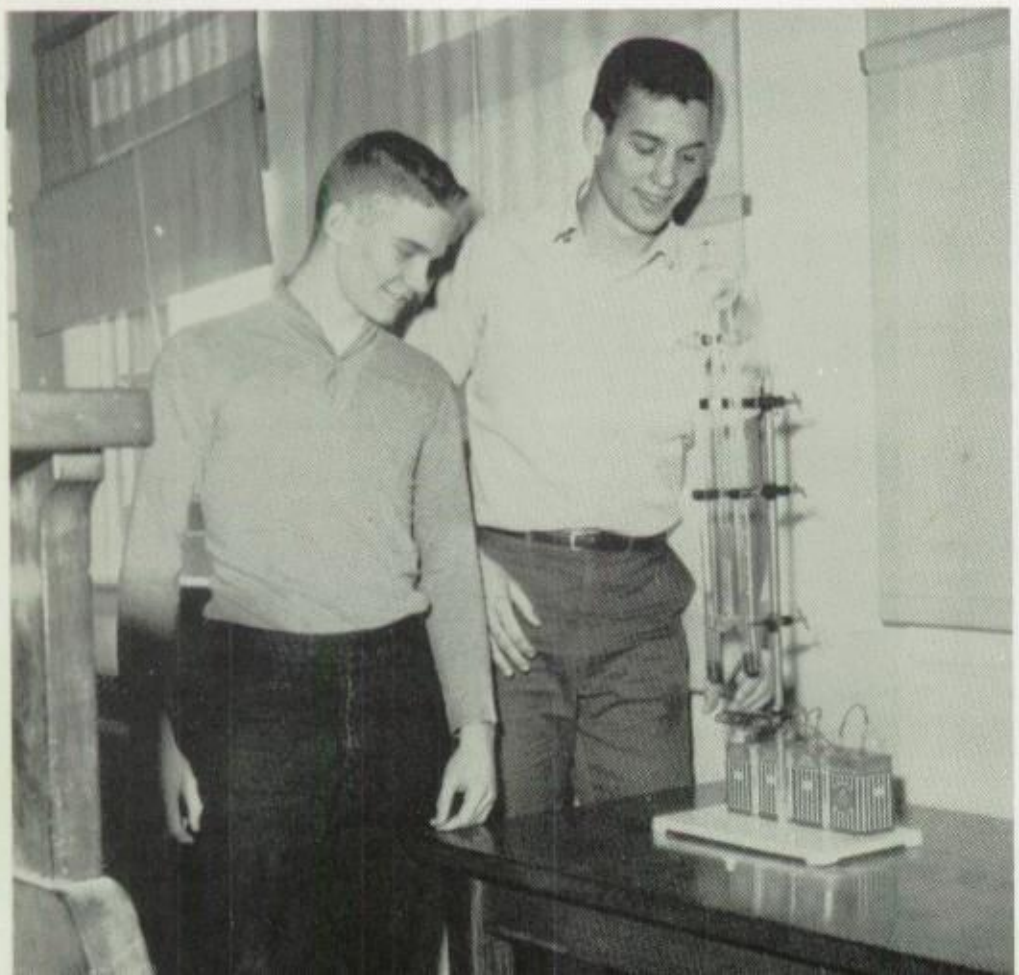
Here is your Tornado

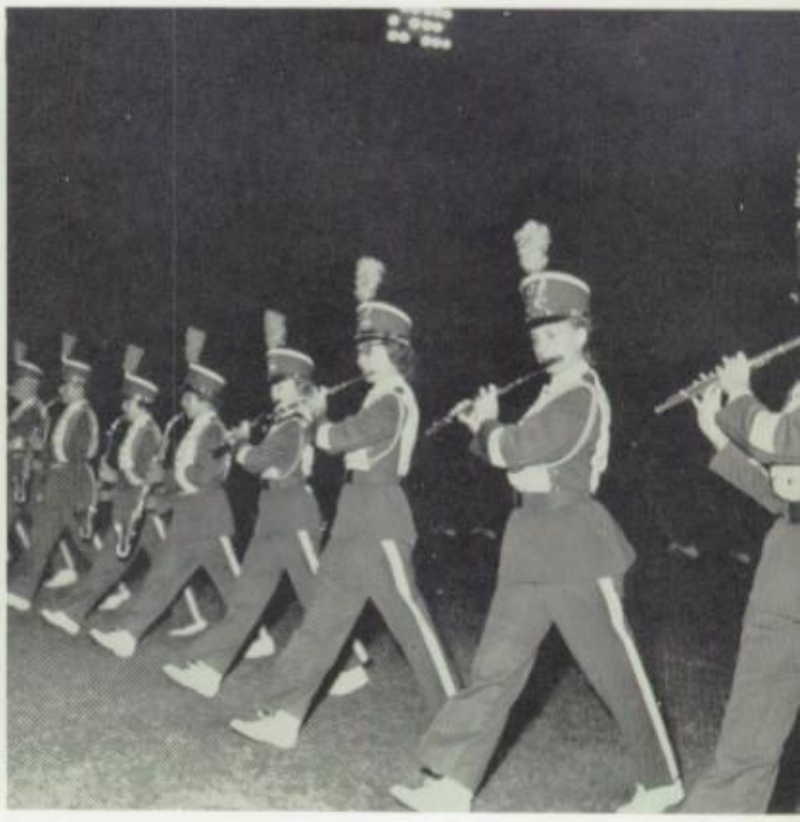


That the friendships made during the past year may be perpetuated, that the memories of the times during which those friendships were made may be preserved, that the institution which offered these opportunities may be justly celebrated, we present this book to you who have added honor to Sulphur High School.

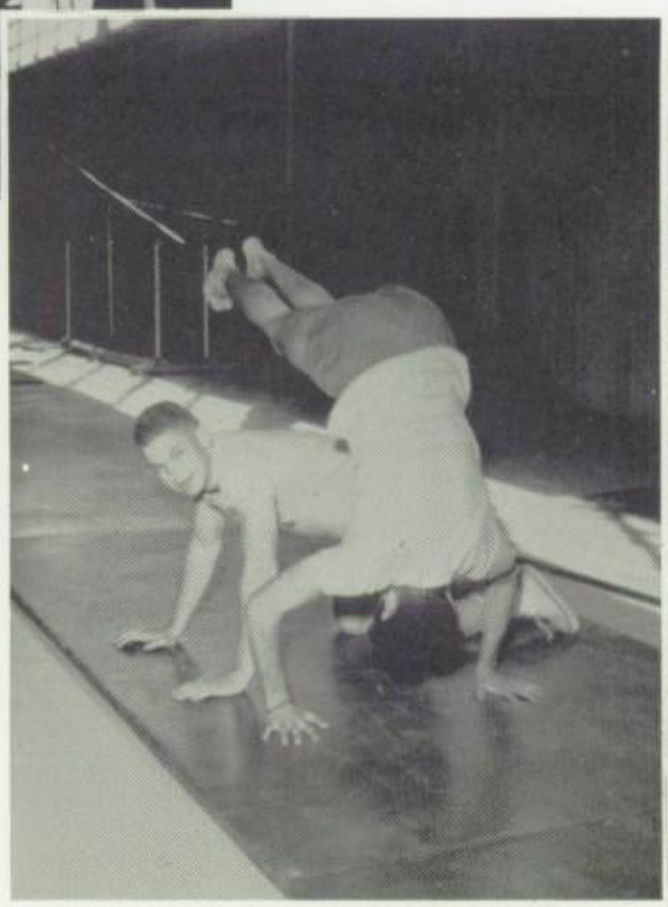
Friendships are made during working hours



Extracurricular activities foster friendships,



and offer a place for friends to play



This kind of friendship is part of our school,

and then there is that special kind of friendship

Sulphur High's friendship extends over-seas

Spirit of friendship was climaxed this year by the Sulphur American Field Service Chapter, with the help of the community, bringing a foreign exchange student to spend his senior year at Sulphur High. Geraldo Caiuby of Brazil arrived at the Lake Charles airport and was met by a group of students anxious to welcome him to the United States and Sulphur, and to offer him the friendship of our school and community.

We are Proud to Dedicate the 1964 Tornado

To one who is a true friend of youth

To one who is loyal to the activities of youth

To one who is always interested in the capabilities of youth

To one who uses unlimited energy in behalf of youth

To one who gives freely of her time to the education of youth

To our Friend and School Board Member

Mrs. W. A. K. Seale

ADMINISTRATION AND CURRICULUM

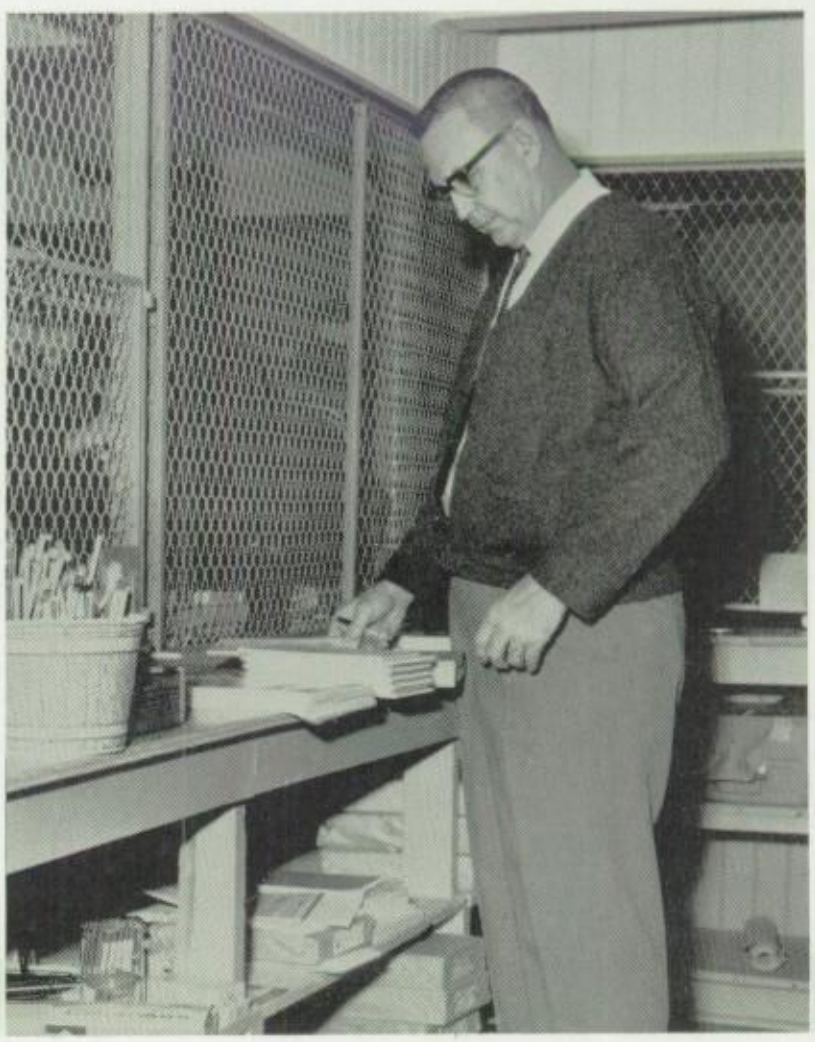
Mr. B. S. Walker

Principal

Always busy, always interested—Mr. Walker keeps Sulphur High School operating smoothly and efficiently—yet he always has time to extend a friendly hand to students, faculty and visitors alike.

They keep things running smoothly

MR. BILLY MOSES
Assistant Principal



in an ever-growing school

MRS. THELMA DAVIS
Secretary

The Guidance

The guidance department is supervised by two counselors and is available throughout the day for student help.

Below are several areas in which the guidance department can be of assistance:

1. Aid is given in choosing a suitable college and course of study. Information on costs, facilities, entrance requirements, academic standards, and the facts of college life is available.
2. A wide range of books, pamphlets, and information on various vocations is provided and the counselor will gladly assist in choosing career fields.
3. The department keeps an up-to-date file on each student—on units of work completed and those still required. Students may check on their credits and receive help in planning a good high school course of study.
4. Personal problems are treated in the strictest confidence. If the counseling department cannot help with the problem, referral is made to the proper agency or organization.
5. Records of test results and other background information is kept on each student. The department administers tests in the following areas: Mental ability, interest, achievement, scholarship competition, and aptitude. They arrange for special tests and college entrance examinations.

MRS. M. L. VINCENT
B.S., Louisiana College; English

Since there is no field of study that does not in some way employ the use of language, the ability to communicate vividly and accurately is the most basic of all skills. The conditions of modern life make it imperative that we give high priority to educating young people to write clearly and coherently something that is worth reading.

This year Sulphur High School conducted an NEA sponsored pilot program in extensive English composition. This is one of the nine areas in the U.S. chosen for this five-year experimental program to improve composition. A unique feature of this program is a two-hour writing laboratory period scheduled at least twice each month. Also the teacher has an assistant to relieve her of some of the routine classroom duties so that her entire time can be spent on classroom teaching and individual instruction.

For a better understanding of human nature, training in the appreciation of literature is important. Personal satisfaction in reading, creative expression, dramatization and the enjoyment of stage, screen, and Television are end products of good training in high school English.

Social Studies

Through a sincere attempt to understand man's successes and failures in the past, we help to create a better world for the future. Courses such as World History, American History, World Geography, and Civics help students to learn about the history of America, it's government, and economy.

The world has become interdependent and we can no longer believe that what happens in remote places does not affect the entire world. Therefore conditions will become better when the majority of the people, including potential citizens, have a better understanding of those who traveled before them on the road to civilization.

RECTANGULAR GRAPH CHART

Mathematics

Mathematics is a way of thinking, a way of reasoning. Mathematics can be used to determine whether or not an idea is true or at least whether it is probably true. It is a field of exploration and invention. It is a way of thinking that is used to solve all kinds of problems in the sciences, government, and industry. It is a language of symbols that is understood in all civilized nations of the world.

If we look back at the story of civilization we will find that mathematics has played a major role in measuring property, predicting seasons, computing taxes, navigating ships, constructing homes, and bridges, developing weapons, and in countless other major developments. During the past few years, math has been a tool for discovering scientific principles, inventing new machines, creating electronic brains, harnessing atomic energy, navigating in space, making new vaccines and medicines, and for practically every other advance made during this decade.

Both the applications of math and the field of math are growing every day. Not everyone can be a mathematician but in order to understand our modern world, it is necessary to know something about math.

Included in the Sulphur High School math curriculum is geometry, general math, business math, two years of algebra, and one year of advanced math.

Just to be a good citizen in a nation when so many changes are taking place will require a knowledge of some mathematics.

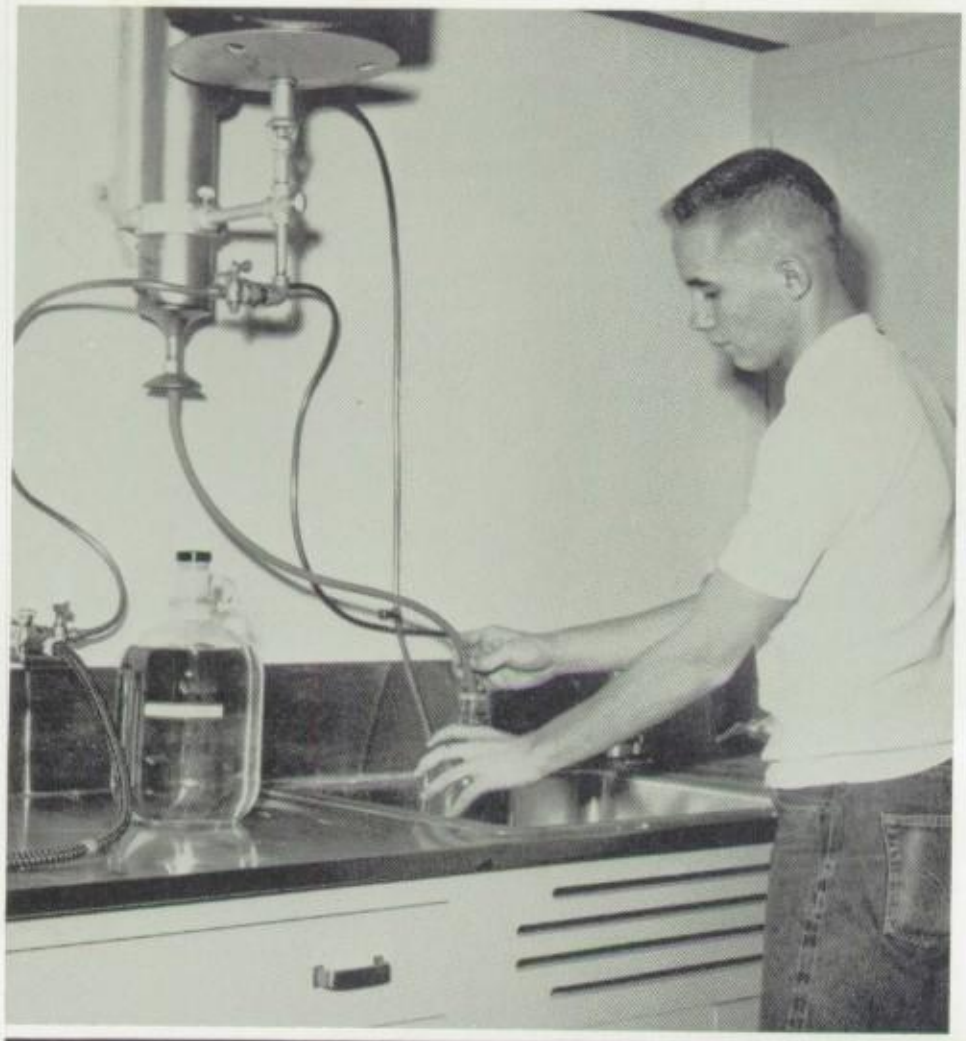
LABORATORY

Science



The science curriculum at Sulphur High School is designed with the thought in mind that there will always be new facts to learn. Major scientific principles, their discovery, understanding and applications form the nucleus around which the curriculum is built.

The goal of the science department is to develop competence in using scientific methods, desirable attitudes, and interest and appreciation, as well as to teach the basic subject matter and principles.

General science, biology, chemistry, and physics are taught in classroom-laboratory situations which provide opportunities for group instruction and individual investigation and experimentation. The science department also sponsors educational assembly programs, and special field activities to broaden the scientific experiences of the students.

Scientific discoveries must be made far in advance of their need. They must be made by vigorous young people equipped with dramatic imagination and keen minds; by young people who look into the future and foresee the needs of mankind. Where better can young people develop these traits than in high school science classes?

MRS. MARGARET SMITH
B.S., Northwestern State Teachers College,
M.S., Louisiana State University; Chemistry

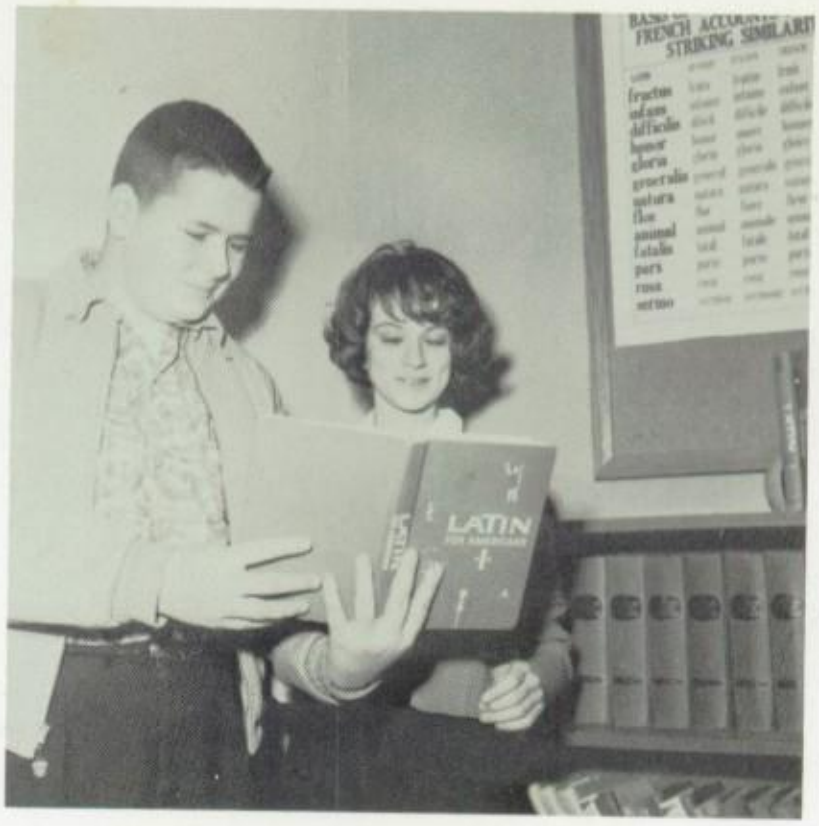
Foreign Language



Sulphur High's Foreign Language program includes both ancient and modern languages, selected in terms of their educational and vocational contributions, the extent of their use, and the interest and cultural values to be gained in their study. The aims of the two phases, ancient and modern, may be the same in some instances, but they differ widely in others. Latin is the representative of the ancient language. Its literature is the key to many basic concepts of our modern political, esthetic and intellectual life. Knowledge of this heritage can be a desirable preparation for a better understanding of our culture. Knowledge of one's linguistic heritage can be a basis for informed and effective uses of either English or a modern Romance language.

French and Spanish make up the modern language curriculum. Speaking, understanding, reading, and writing; the acquisition of these skills in studying another language involves a gradual expanding and deepening knowledge of a foreign country.

By the use of the new language laboratory, students are able to listen to recordings and practice speaking the language in individual booths.

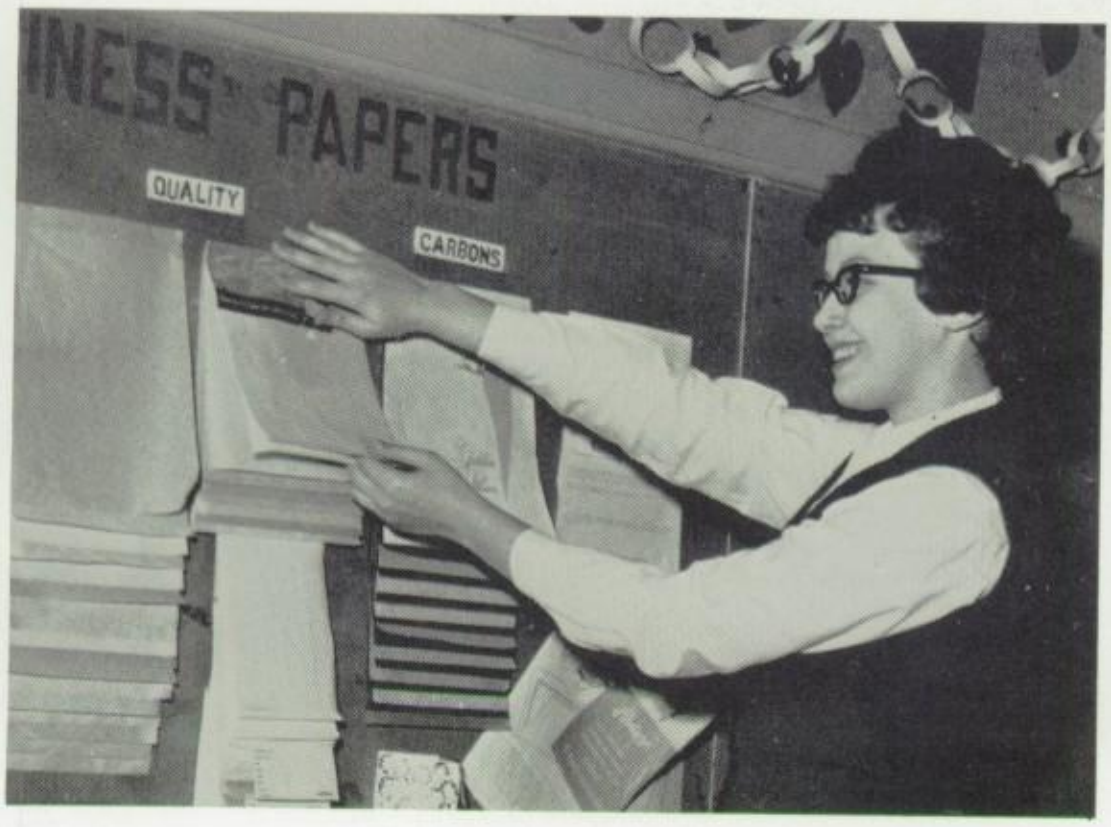
Business Education



MRS. MARSHALL MARTINE
B.S., University of Houston; Business Education

At no time in the history of our country has there been a greater need for young people to develop skills needed for our industrialized society, and to equip themselves to take their place in a highly mechanized living situation. The immediate purpose of vocational education should be for the sake of learning. The full purpose of any vocational training, however, is beyond itself. It is not only for security and financial remuneration, but this training can very adequately be used to satisfy some leisure time. In other words, the vocational training an individual receives should, and does, permeate every phase of his life.

Sulphur High School has a very complete and modern business education department where students may take a varied course.

Vocational education, within the framework of the students' capabilities, supplies the content and security of a satisfying career. In this manner, vocational training and liberal education work together in providing for man's basic needs and fulfilling man's highest aspirations.

Home Economics

Home Economics is primarily concerned with the growth of a girl as a person and the achievement of a happy life. Experiences necessary for worthy home membership are emphasized.

In foods courses social needs and budgetary needs are considered, as are resources of urban and rural communities. Basic principles of nutrition and cookery are learned and put into practice in the foods laboratory. Emphasis is placed on planning a well-balanced meal, taking into consideration cost, appropriatness and time.

Clothing courses stress the construction of garments since all girls are interested in clothing. They also attempt to lead each girl to study her own personality, to plan her wardrobe to express her own individuality and to dress appropriately on all occasions. Emphasis is also placed on grace, poise, wise shopping and careful budgeting.

Other important topics taught in home economics are home nursing, child care, and development, home and family living, and community service.

Home Economics courses help the girl personally if she plans for marriage later in life. If she desires a career, many fields which relate to home economics are available: Teaching, home economics research, extension service, home economics in businesses such as manufacturing, journalism, T.V., product analysis, and public relations.

MRS. MICKEY PENTON
B.S., Northwestern State College; Home Economics

MRS. NORMA O. MEYERS
B.S., Universiy of Southwestern La.; Home Economics

Vocational Agriculture

Agriculture is a highly dynamic, rapidly changing industry which offers in its entirety great occupational opportunities to rural youth everywhere. Its continued growth, so essential to the welfare of the nation, can be assured only through the training of youth. The role of the farmer in handling and evaluating problems which are ever mounting in this complex world is important to our economy. Facilities for this training are very complete at Sulphur High School. A fourteen acre farm and farm machinery, housing facilities for raising stock, a greenhouse, and a well equipped shop are maintained for the use of the agriculture department.

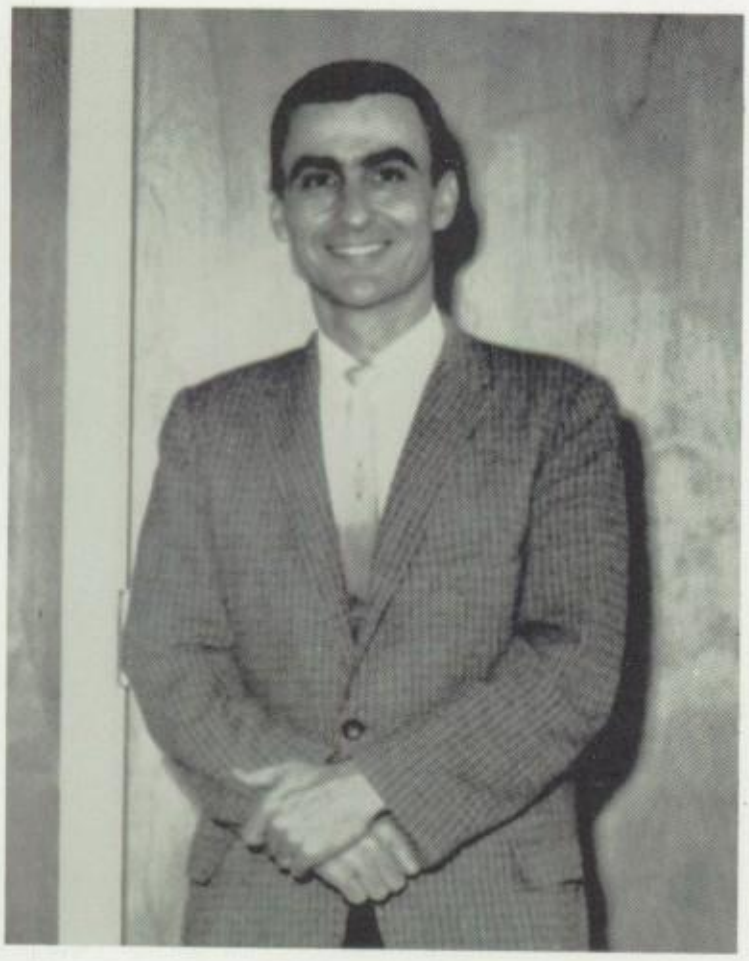
WOODWINDS •

Music

Music is a rare, perhaps even incomparable, esthetic experience—of all the arts, its appreciation is an experience for which we come least prepared. The Sulphur High music department gives the student an intelligent, mature, and even comprehensive understanding of music, its structure, background, evolution, creators, basic vocabulary and terminology, and its literature.

The vocal music department includes classes in general music, and specialized music, and also sponsors extracurricular groups. They hold an enviable record in first places won in District and State Festivals.

The instrumental phase of the music department encompasses a marching band and a concert band. In addition to daily band period, each member attends special technique classes and section rehearsals twice a week. They too hold many trophies won in District and State competition.



MR. J. V. RICHARD
B.M.E., Southeastern State College, M.M.E., Louisiana State University; Instrumental Music

MR. ALVIN K. REYNOLDS
B.M.E., M.M.E., Louisiana State University; Vocal Music

Physical Education

Physical Education has long been recognized as a necessary component in a program of education. Educators are concerned for this area in the total development of the youth of our nation. Physical education class is a time for sports, games, the dance, tumbling, and gymnastics, but it is also a time for learning. First and foremost a student learns how to keep his body fit for work and play. He learns about other people as well as himself—the value of teamwork—the importance of sportsmanship—respect for the varied abilities of others and confidence in his own abilities—appreciation of good performances.

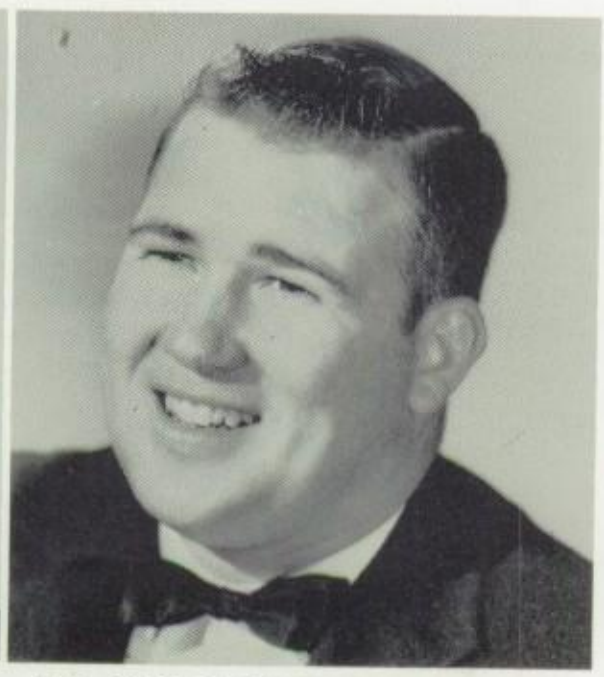
A concentrated program of physical fitness is a major part of the Sulphur High School physical education department. A student may measure his own fitness—strength, endurance, speed, agility, and arm and leg power, and check his progress in improving his fitness score each year. He may also check his fitness score against the national average scores of boys and girls of his own age, height, and weight.

It is the aim of Sulphur High that when a student graduates from high school he should have greater respect for his own body, what it is able to do, and have the habit of keeping it at its best. He should be acquainted with many activities which he can do well and which can be enjoyed in leisure time after he leaves high school.

MRS. DOROTHY GILMER
B.S., Mississippi Sate College for Women; Physical Education

MISS PEGGY WILLIAMS
B.S., Northeast State College; Physical Education

MR. JACK DOLAND
B.Ed., Tulane, M.S., Louisiana State University; Coach, Physical Ed.



MR. WILBERT ZIMMERMAN

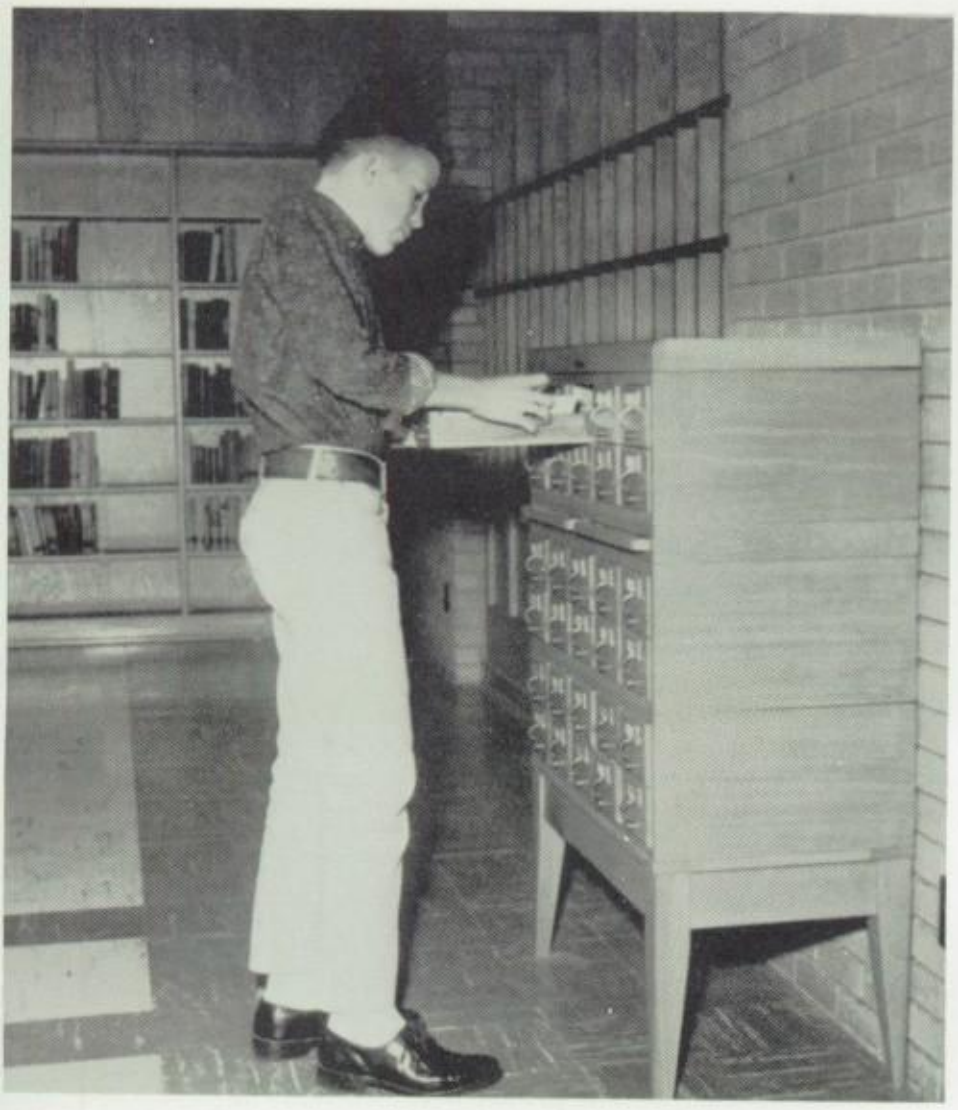
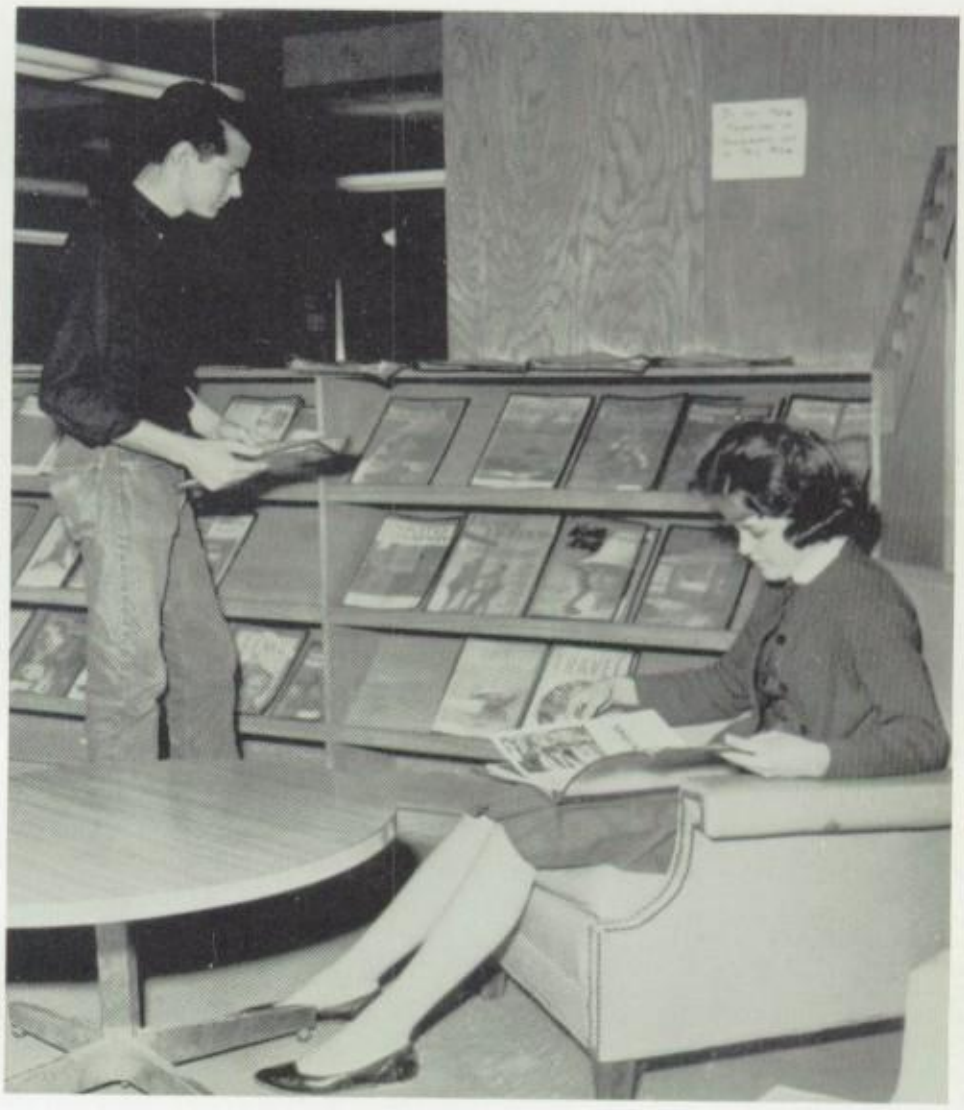
Library





Have you a thirst for knowledge? Have you an inquiring mind? Today's library is no ivory tower, though sometimes the studious lone wolf can find his cave in it. It is a busy community center where people of many different talents work together for the benefit of every element of society. One of the libraries' most important and interesting functions is providing guidance to the vast store of riches, available to all through books. New as well as old books, encyclopedias, reference books, a reading room filled with periodicals, and other materials are a fascinating part of our library at Sulphur High School.

MISS BOBBIE JEAN LeBOUF
B.S., University of Southwestern Louisiana; Library Science

MISS BARBARA POWELL
B.A., Louisiana Polytechnic Institute; Library Science

Art

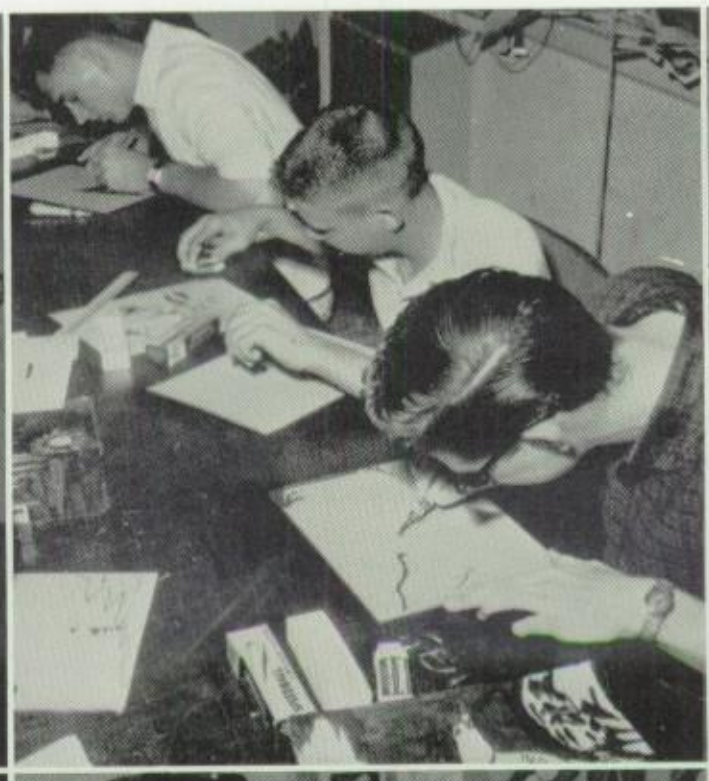
MRS. MARTHA ALBRIGHT
B.A., Northeast Louisiana State College; Art Education

An appreciation of art involves an understanding of principles of art expression, balance, proportion, rhythm, variety, unity, and harmony.

In the pursuance of art the student learns to appreciate a few of the more important art forms: to become more observant; to look at things in a new way. He has been exposed to good taste, has laid a basis for sound judgment, and has opened up a world that will enrich his life immeasurably.

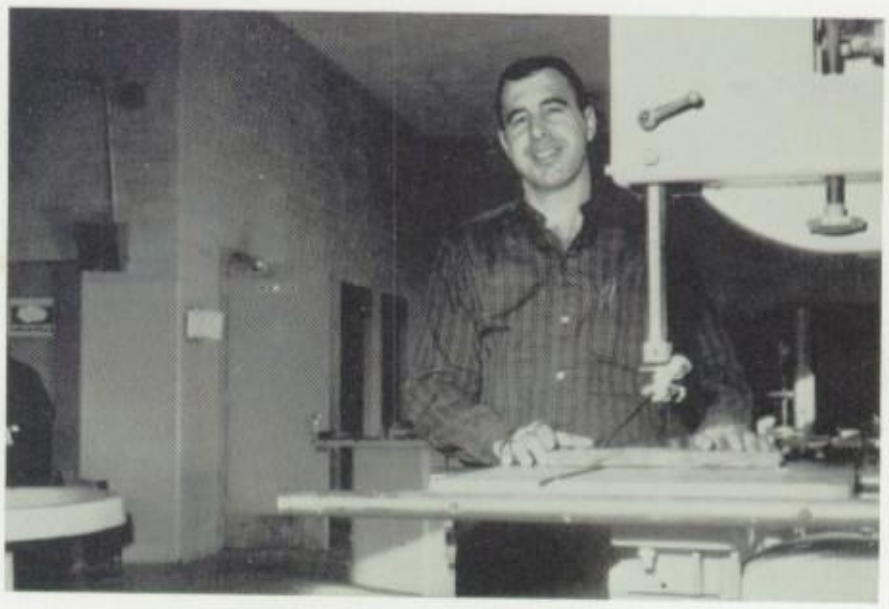
Included in this first year of art at Sulphur High School are: elements and principles of design; water color; charcoal; pastels; sculpture; ceramics; commercial art; figure drawing; graphic arts.

Plans for the future call for an expanded art curriculum.



Trade and Industry

MR. C. T. LAMBERT
Sowela Vocational Technical School; T and I Instructor



MR. JIMMY WATSON
B.S., Mechanical Engineering, L.S.U.

Man's responsibilities in the partnership of man and nature are varied and complicated. To begin with, man must provide the labor that is needed if raw materials are to be changed into the things we want. The role of labor in the production process is extremely important. The Trade and Industry department is fully equipped to prepare students for a trade in many fields. The woodworking department offers carpentry training; essential fundamentals of mechanical drawing are taught; and many other projects are developed. The education gained in this department enables students to receive employment upon their graduation from high school, and gives students opportunities for a successful life.

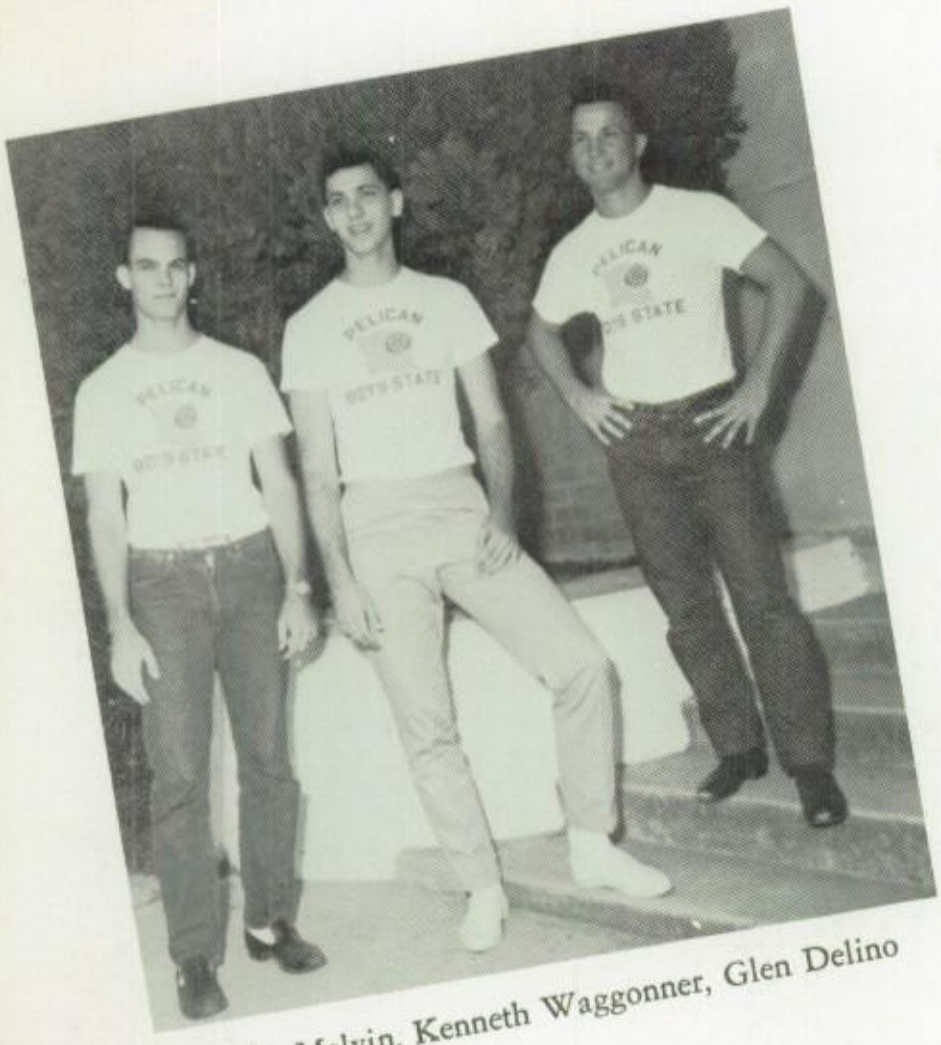
Pelican State



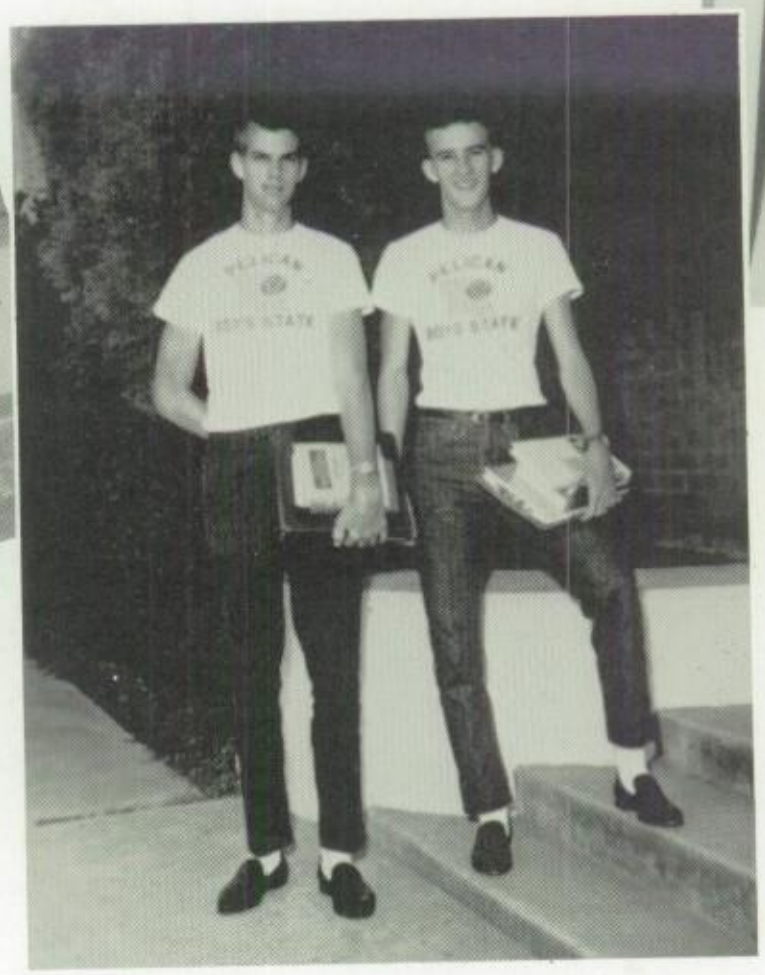
Mike Melvin, Kenneth Waggonner, Glen Delino

Betty Doiron

Pelican State, which is a summer Program for high school juniors, held on the L.S.U. Campus, was created for the purpose of developing leadership characteristics in the youth of our country. Each year a group of boys and girls from high schools throughout the state are elected by their teachers and classmates to take in the program of study and practical participation in city, parish, and state governments. Political parties, senate and house of representatives proceedings, and wholesome recreation are also combined in Pelican State's full schedule to make it fun and profitable for all who attend. Pelican State is one method by which America's citizens of tomorrow may be taught to carry our nation forward in the best tradition possible.

Joyce Wyninger

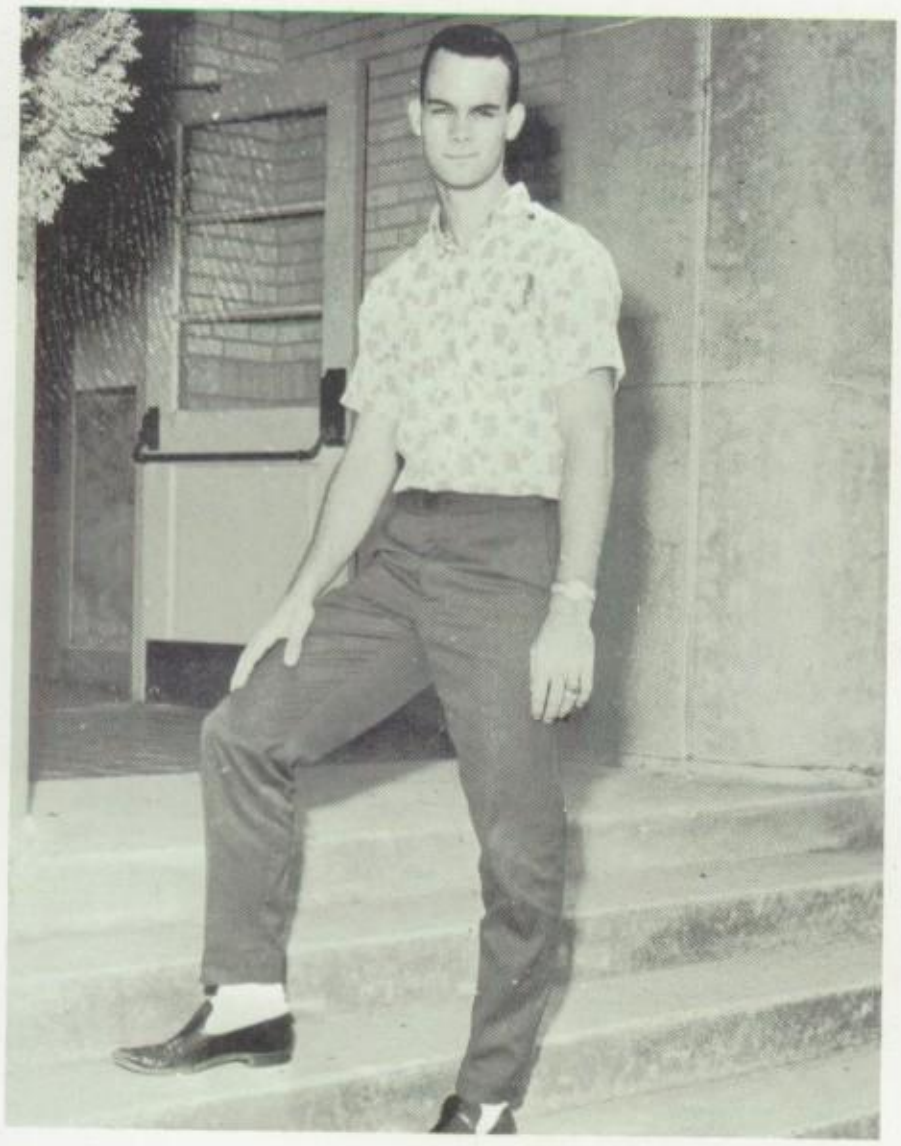
Roz LaBarbera



Danny Hereford and Steve Carnahan

Summer Conferences

Margaret Adair was one of forty students from seven states attending the summer Science Institute at Louisiana Tech. Courses were offered in physics, organic chemistry, earth science, botany, and zoology. A minimum of 3 and a maximum of 4 courses could be taken.



Mike Melvin attended the Junior Engineers and Scientists Summer Institute held at Lamar Tech in Beaumont, Texas. The program was held primarily to explore interest in fields of science and engineering. Lectures were given by professors, guest speakers, and a group from NASA in Houston.

Leadership Conference—L.S.U. is the site for Leadership Conference held each summer for senior high students. Students spend a week studying and working on activities connected with their fields of interest.

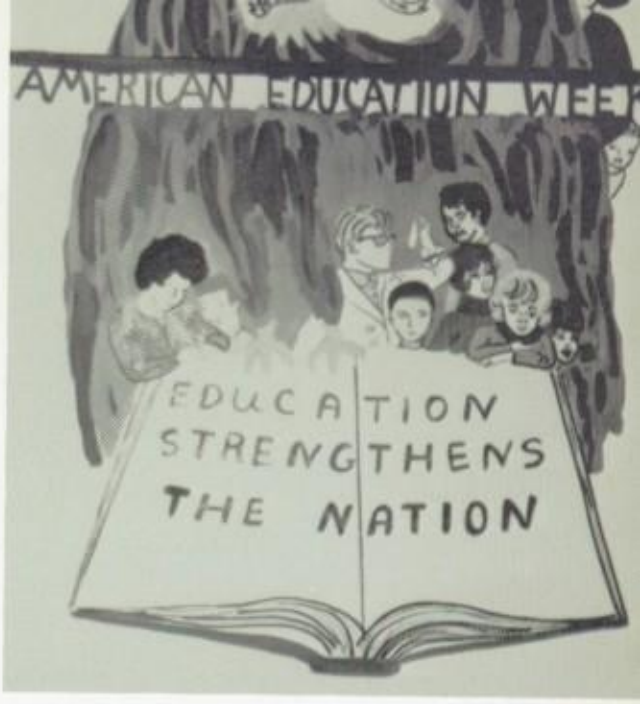
American Education Week

Hershel Franks and D. L. Martine



Sulphur High School observed American Education Week with a program in the auditorium on November 12.

D. L. Martine, Junior Class President, was master of ceremonies. Arthur Davis led the Pledge of Allegiance, followed by speeches by several students. Hershel Franks spoke on "The Purpose of American Education Week." The next speaker was Wanda Kelly who discussed "The Student's Use of the Library." The last student speaker was Anita Valentine who gave a reading entitled "A Student Talks to Her Teacher." Mr. E. D. Schumacher, American History Instructor, talked on the subject "Education, Key to Success." The Girls' Chorus and the Boys' Chorus entertained with several selections.

Platform guests were Calcasieu Parish School Board Members Mrs. W. A. K. Seale and Mr. C. J. Drost. Also many parents of Sulphur High students were guests at the program. After the program all guests were invited to the cafeteria for coffee and a social hour.

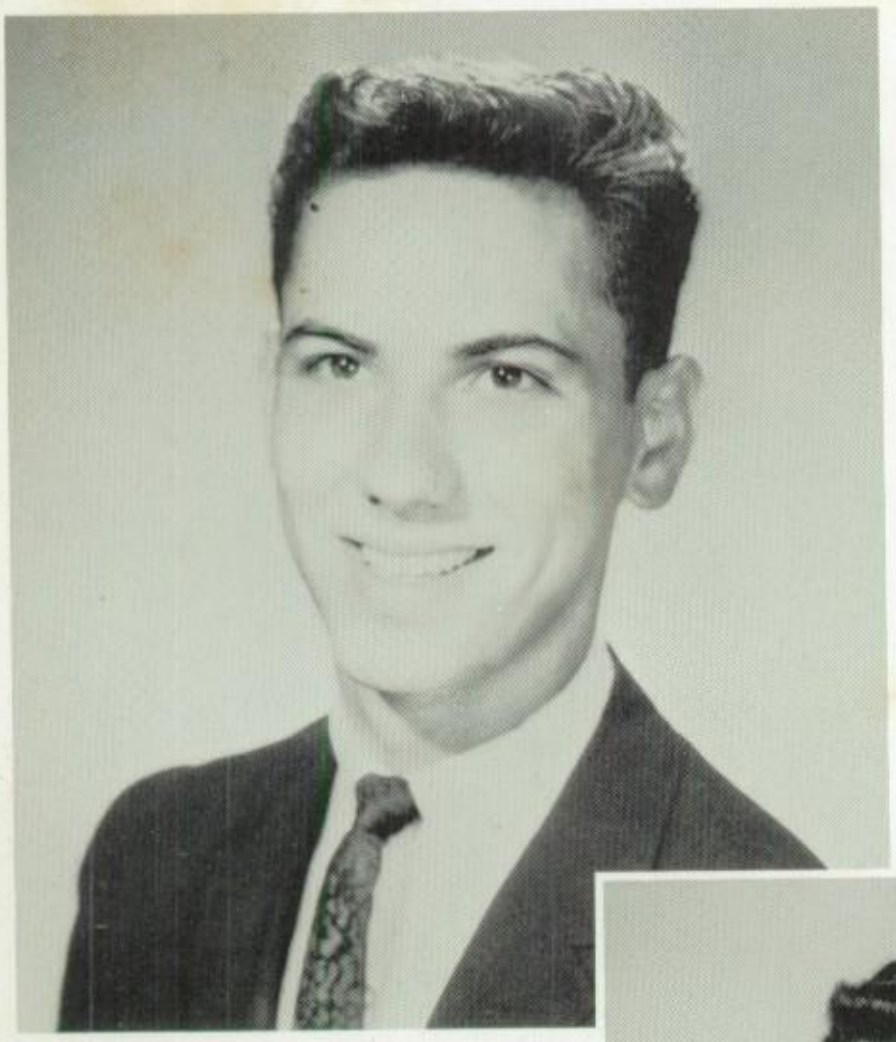
Student Council

OFFICERS

President ..... Kenneth Waggoner
Vice-President ..... Glynn Delino
Secretary ..... Joyce Wyninger



Kenneth Waggoner

Glynn Delino

Joyce Wyninger

The Student Council is made up of representatives from each home room. It's purpose is to serve the school when called upon in any capacity.

One of the new projects which the council participated in this year was aiding the American Field Service in sponsoring a Foreign Exchange student. The President of the Student Council, Kenneth Waggoner, served as a member of the American Field Service Chapter in Sulphur, and the entire council assumed the responsibility of seeing that our student from Brazil, Geraldo Cauiby, became adjusted to and was happy at Sulphur High School.

Twenty-two members of the Student Council attended the Fall District workshop in Jennings in October. The State Student Council convention was held in Shreveport. Sulphur was represented by the three officers, Kenneth Waggoner, Glynn Delino, Joyce Wyninger, and one delegate, Rozalind LaBarbera. Our foreign exchange student also went to the convention so that he might learn how high school student councils in America serve their school, their community, and their country.

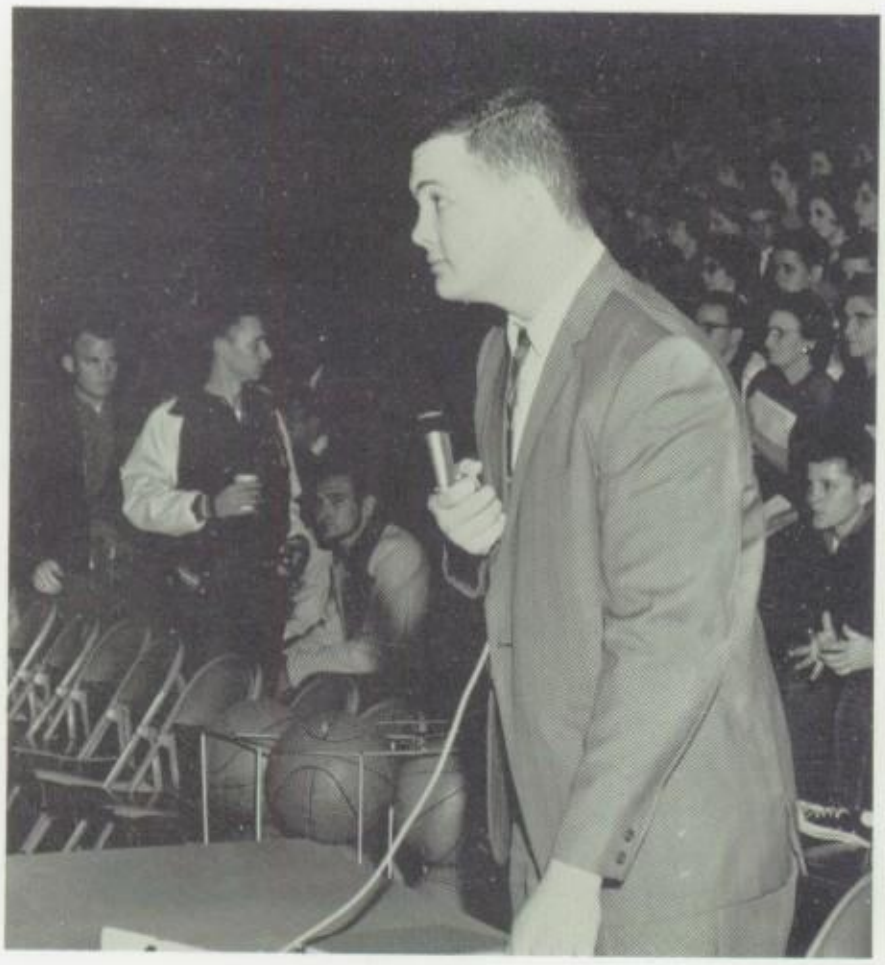
The council's part of the football homecoming festivities was the Homecoming Dance. On a miniature football field, surrounded by cartoon football players, the queen and her court were presented to a host of cheering fans. Each girl took home a cartoon football player as a memento of the gala occasion.

Honoring the Basketball team, their sweetheart, and her court, has always been a highlight in the year's work of the council. This year a Valentine theme was very effectively carried out at the dance. After the sweetheart and her court were presented, each member of the basketball squad was recognized for his loyal work on the squad.

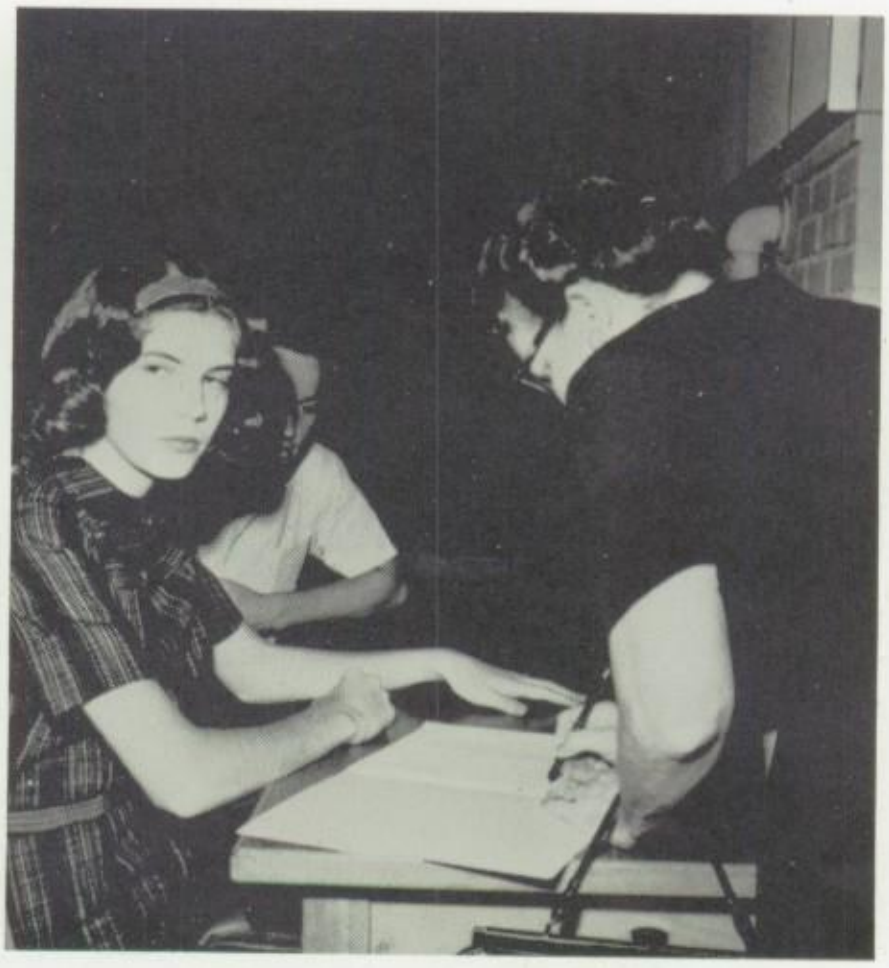
The Student Council had a very successful year of service to Sulphur High School.

The challenge of responsibility

ROW I: Patsy Davis, Patsy Hocking, Carlyss Portie, Gerald Chrisope, Bill Hastings, Glynn Delino, Henrietta Romain, Falba Baeder. ROW II: Kenneth Waggoner, Frank Blake, Joyce Wyninger, Rosalind LaBarbera, Cheryl Suarez, Lauren Mitchell, Katie Broussard. ROW III: Roy Pennington, Mike Melvin, M. L. Vincent, Karen Wood, Edwin Arnold, Don Istre.



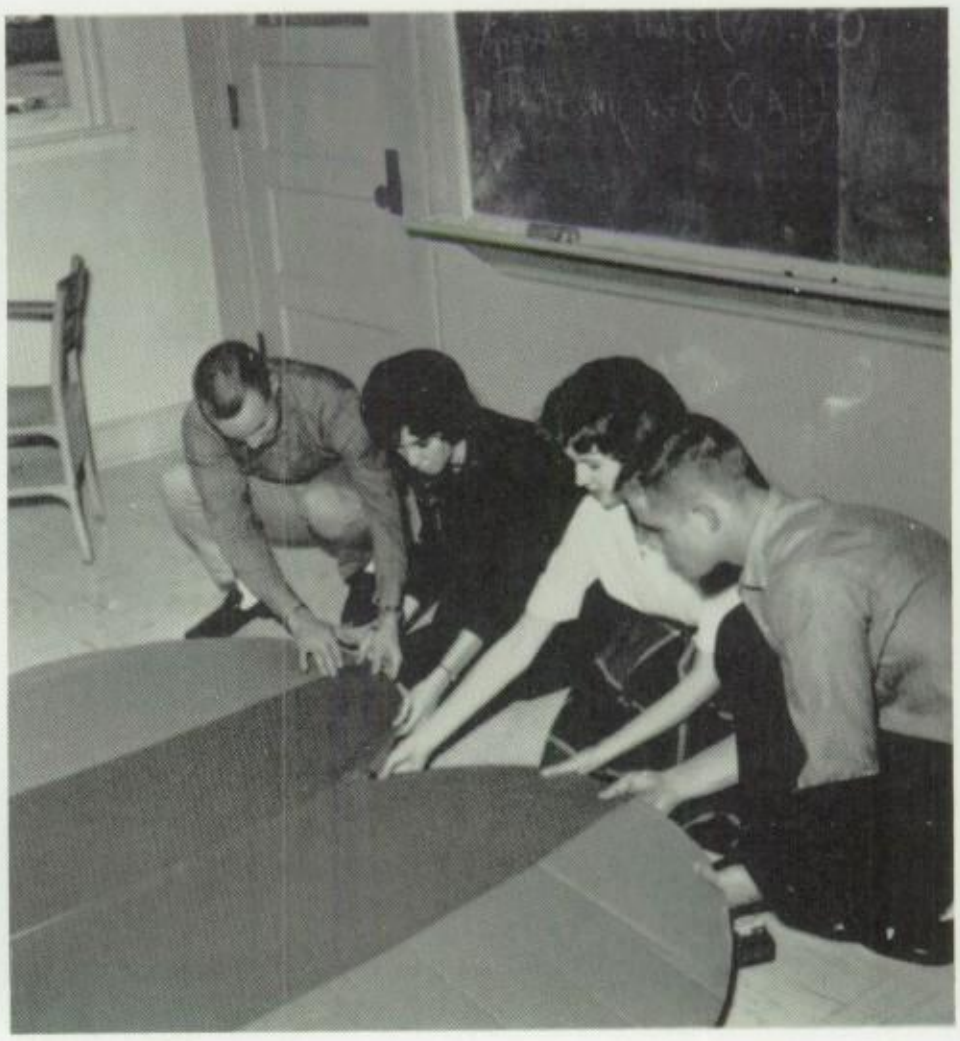
M. L. Vincent emcees the Basketball Sweetheart Presentation.



Karen Wood registers a guest at "Senior Night."

The Student Council is a laboratory for

ROW I: Ronnie Daigle, Keith LaBorde, Bridget Hebert, Virginia Simons, Jeannette Youngblood, Pam Lyons, Susan Nelson, Terry Saucier, Steve Henrich. ROW II: Carol Hutchinson, Carolyn Roberts, Carol Koonce, Jackie Duhon, Susan Ayres, Donna Bland, Cheryl Crouch, Alan Weatherford. ROW III: Ikey Dowers, Lee Albright, Steve Parks, Eston Singletary, Raymond Griswold, D. L. Martine, Jep Blake.



Student Council members enjoyed making the decorations for the Basketball Sweetheart dance.

the study of good citizenship

ROW I: Sue Broussard, Donald Rivers, Thomas Jenkins, Susie Parsons. ROW II: Dianne Vincent, Cherry Lovitt, Larry Martine, Cynthia Lathum, Donna Freyou. ROW III: Mitch Drost, Thomas Theaux, Jerry Adams, Arthur Davis.

The Student Council helped build up spirit for the big games.

Lauren and Sherry were busy with preparations for the Sweetheart dance.

and their honors

Carolyn Kelly and Peggy Best
Best Girls Team

Herschel Franks excellent extemporaneous speaking.

Bobbie Wedekind and John Hanna qualified for the tournament of champions. John Picard and Jimmy Lowrey also qualified for the tournament of champions.

Sulphur High Debaters have proven this year that with limited experience and real effort a team can enjoy a successful season.

Our first taste of victory came in October with the Lafayette High pre-season warm-up Discussion Tournament. Here nine excellent and superior ratings were received by our fourteen participating members.

On November 14 at McNeese, the entire squad exhibited real skill as they scored high among 50 schools in total points.

In December the U.S.L. Tournament added to the club's pride when they returned with a sweepstakes rating of excellent.

With Spring approaching we are anticipating similar victories at Northeastern (February 28-29), U.S.L. State rally in March and Tournament of Champions to be held in Shreveport in April.

At the McNeese District Speech Rally twenty-two students were given superior and excellent ratings.

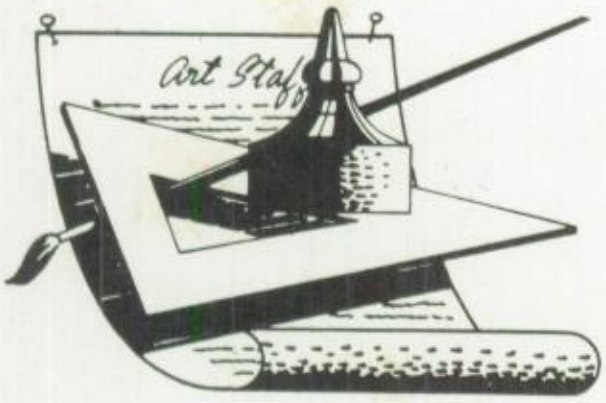
Cyclone staff offers unlimited



Being on the Cyclone Staff is one of the best ways for a student to serve his school and the student body. The staff is composed of high school students. The individual work and teamwork of this group has created an informative and interesting paper for those outside of school as well as for the students and teachers of Sulphur High School.

Royal Clippers

HEAD MAJOR: Linda Ward

The Royal Clippers attended all the football games, those played out of town as well as those played in Sulphur. This group of girls serve as a pep squad as well as a marching unit.

After football season is over the girls try-out for positions they want on next year's Clipper Squad. All positions are gained by these try outs except that of the head major, who is elected by the members of the unit. The head major must have been in the Clippers for a period of two years and must have held an office or have been a majorette.

At the end of each year the junior members give a party honoring the senior members. At this party a senior is chosen by the juniors to be named Clipper of the Year.

Each girl is eligible for a Clipper jacket after being in the Clippers for a period of two years.

The sponsors for the group are Mrs. Dorothy Gilmer and Miss Peggy Gilmer.

MAJORETTES: Connie Hebert, Donna Bland, Captain Charlotte Steen, Donna Woodward, Virginia Jeghers.

School Championship Rodeo

1963 LOUISIANA HIGH SCHOOL CHAMPIONSHIP RODEO

The Louisiana State High School Championship Rodeo has been one of the most high-spirited events of the year. From the beginning of the rodeo parade until the final totaling of the points, everyone was engulfed in the rodeo spirit which prevailed here July 14, 15, 16, and 17.

Among the top contestants were rodeo-minded students from Sulphur High. They competed against high school cowboys and cowgirls from all over the state.

To be entered in the rodeo, the contestants must be a high school student and must maintain the same scholastic average required by the state of all athletes.

FFA-FHA Barn Dance

Miss Pam Lyons and Bob Goodner were chosen FFA Sweetheart and FHA Beau at the annual Barn Dance sponsored by the Sulphur High School chapters of the Future Farmers of America and Future Homemakers of America.

In the court were the following 13 couples: Melvin Dowers and Pat LeBlanc; Danny Webre and Vicki Bruce; Darrel Koonce and Linda Bean; Roy Vincent and Sherry Haley; Richard Koonce and Iris Landry; Leslie Barker and Carol Perkins; Ronald Harrington and Liz James; Donald Nelson and Beverly Ford; Quintin Weber and Kay Wallace; John Bruney and Susan Nelson; Edward Hessifer and Pat Jolet; and Elton West and Charlotte Case.

Last year's queen, Miss Sheran Sonier, crowned Miss Lyons and last years beau, Roger Burkholder, crowned Bob Goodner. Following the ceremonies, the court had a square dance which was called by Mr. R. B. Barfield.

Pam Lyons and Bob Goodner

Jim Miller auctioned off box lunches. The winner of the best decorated box was Jo Ann Smith. A barn was featured on Jo Ann's box; Second place winner was Sherry Haley's Chuck Wagon; Lynn Nölkamper won Third place with a farmer.

Elton West, Charlotte Case, Don Nelson, Beverly Ford, John Burney, and Susan Nelson.

Kay Wallace, Quinton Weber, Carol Perkins, Leslie Barker, Liz James, and Ronald Harrington.

Who bought the box?

Edward Hessifer, Sherry Haley, Roy Vincent, Vicki Bruce, Danny Weber.

Darrell Koonce, Iris Landry, Pat LeBlac, Melvin Dowers.

Homecoming — 1963

Under a brilliant and shimmering moon, ordered especially for Homecoming night, the Sulphur High School Queen and her court were pre-ented in all the splendor the occasion deserved.

Pre-game activities started with an open house in the cafeteria as the honored classes of 1930 and 1955 met and renewed acquaintances. The ouse party was comprised of boys and girls from Sulphur High. Clever football helmet flower arrangements on the tables added a spark to the ccasion. Around 300 guests called during the evening. The Home Economics Department and the P.T.A. deserve much credit for the success of his year's reunion.

A diamond shape was the theme for the field activities. The Sulphur High Royal Clippers proceeded from the east side of the field and took heir stand to form the lower stem of the diamond. The Sulphur High School Golden Tornado Band proceeded from a company front on the ast side of the field forming the upper stem of the diamond. The finishing touches were added by the Golden Tornado Band majorettes and the lipper majorettes who took their places within the diamond to give the diamond its color. As the band played "The Longest Day" the Homecoming ourt was presented with traditional football bouquets of miniature mums, a gift of their respective classes. Three students were selected by the tudent council to present the flowers. The sophomore maids were presented flowers by Mitch Drost. Making the presentation to the junior maids as Jep Blake. The senior maids were presented flowers by Mike Melvin. Dr. Jimmy Hebert, a graduate of the class of 1955, crowned our 1963 omecoming Queen. Master Timmy Zimmerman served as crown bearer, carrying the jeweled crown on the golden pillow. Mr. Wayne Bourgeois, lso a 1955 graduate, presented the Queen with a traditional bouquet of mums. M. L. Vincent, a member of the Tor football squad, was selected o present the autographed football. The ceremony ended with playing of the Alma Mater by the band.

The Queen and her court then took their places in a special viewing stand from which they watched the Golden Tors defeat the New Iberia ellow Jackets 14-0.

Basketball Sweetheart Carolyn Roberts escorted by Kyle Carlin.

Miss Carolyn Roberts was selected by the baske
ball team to reign as 1964 Basketball Sweetheart. T
maids were nominated by the basketball squad a
elected by their respective classes.

The Sweetheart and her court were introduced
the audience between the Junior Varsity and Vars
games. The Sweetheart wore a white dress of whippe
cream material. The senior maids wore yellow whi
ped-cream dresses; Junior maids wore blue dress
and the sophomore maids, pink whipped-crea
dresses. Mr. Jimmy Ardoin, winner of the Joe You
Trophy in 1956, presented Carolyn with the tra
tional Basketball Sweetheart sweater.

The Sweetheart and her court watched the ga
from a special viewing section in the stands.

After the game the Basketball Sweetheart and
maids were again presented in the gym which h
been decorated to fit the gay Valentine season. T
recognition of the team by the Student Council w

TV Personality Visits Sulphur

Fred Miller, Jo Ann Smith, and Gaynell Darphin meet Jack Lord, Star of T.V.'s "Stoney Burke."

Three Sulphur High School students who have entries in the Southwest District Fat Stock Show greeted Jack Lord, T.V.'s Stoney Burke, when he visited Sulphur while guest appearing at the Fat Stock Show and Rodeo in Lake Charles. Fred Miller, Jo Ann Smith, and Gaynell Darphin formed the welcoming committee and were named deputy marshals by Mr. Lord for the Fat Stock Show and Rodeo.

TORS DEFEAT BYRD—21-7

Sulphur's Golden Tors were ranked 6th in the state before their debut with their traditional opening game with Byrd. Although Byrd was ranked one notch above the Tors, opinions didn't seem to bother the Tors as they thundered by the Yellow Jackets.

The Tors got started on the right foot when they hit pay dirt twice in the first 10 minutes of the game. Jerry Mouton and Terry Saucier scored on running plays and Don Perkins kicked the extra points. The third touchdown came in the last period on a pass to Bradley Thompson. Frank Blake's quarterbacking, the efforts of halfback, Terry Saucier, and a fine defensive job by Gary Baker, Steve LeDoux, and Lester Wallace proved to be a combination that was too much for the Byrd Yellow Jackets.

SULPHUR-PINEVILLE 12-6

The Tors had trouble finding an offensive combination tha would unlock the Rebel defense.

Sulphur was held scoreless in the first half but manage to prove their superiority in the second half. Darrell Ardoi scooped up a Rebel fumble and ran 39 yards for the first score In the final period, the Tors took over on the Rebel 44. After 15 yard pass from Blake to Fontenot, and runs by Saucier an Martine, Blake sneaked over for the Tor's second touchdown Pineville scored with less than one minute to play on a long pas to make the final score read 12-6.

Joe Thibodeaux and Elton West were the defensive standouts

SULPHUR, ORANGE PLAY 0-0 GAME

The Golden Tors halted the vaunted offense of the Orange Bengal Tigers from Texas, but couldn't push across a score as the two top ranked teams fought to a 0-0 tie before an overflow crowd of over 6,000 fans. Sulphur had two scoring opportunities in the first half, but was not able to penetrate the strong Tiger defense for the final yardage. The Tors, with some of their regulars sidelined with injuries, got brilliant efforts from D. L. Martine and Darrell Ardoin. The Tors got sterling defensive play from Steve LeDoux, Alan Weatherford and Wayne Strodard as they repeatedly smothered Orange plays. Wayne Strodard made a game saving tackle in the final minutes of the game as Orange had their only penetration.

SULPHUR DEFEATS TEXAS CITY 14-0

The Golden Tors won a hard-fought victory against the Texas City Stingarees. The Tors played a brilliant defense holding Texas City to 4 first downs. The nearest Texas City got to the Tor goal line was a long incomplete pass with 10 seconds left on the clock.

Darrell Ardoin and D. L. Martine did an excellent job in carrying the offensive load. Jimmy Barton began to show promise as good future running back.

In the line, Elton West played a great game and left many Texas City fans saying he was the best tackle they had seen. Bradley Thompson and Buddy Fontenot caught key passes setting up touchdowns and Don Perkins kicked both extra points. The entire game was the TORS from start to finish.

BOLTON-SULPHUR—A Bad Day

The Bolton Bears shocked Sulphur with a 26-6 loss. The Bears could do no wrong. The one-sided score did not reflect the tightness of the game, however, since Bolton scored two of their four touchdowns on Sulphur errors.

The bright spots were hard to come by for the Tors since it was definitely a Bolton night. The running of D. L. Martine and the fine blocking of the Tor line was stymied by errors at crucial times. Rodger Ledoux, who took over for Frank Blake, in the final quarter, showed great promise for the future.

SULPHUR-LaGRANGE

An overflowing crowd of 6,000 excited fans piled into M Walker Stadium to see the annual grudge game between the To and the Gators. As usual, the fans were not disappointed. The ga opened with an early scoring pass from Blake to Saucier.

After the first period, the Tors were unable to hit pay d again, and time ran out with Sulphur holding the short end of 13-6 score.

The Tors played a fine defensive game with many seniors pla ing their best of the season. Joe Thibodeaux, Elton West, Al Weatherford, Mark Powers, Ronnie Daigle, and Steve LeDo kept LaGrange completely stymied except for two long runs. was a heart-breaking game to lose for the Tors and wrapped the district championship for the Gators.

SULPHUR-NEW IBERIA

In the district opener for Sulphur, the Tors won their fourth victory with a score of 14-0 over the New Iberia Jackets.

This victory boosted the Tors into a four-way tie for first place in District 2AAA. Sulphur so completely dominated the first half of play, that New Iberia was able to get only 8 offensive plays and 22 yards gained.

The Tors TD's came on short plunges by Saucier and Ardoin. D. L. Martine was the leading rusher with 55 yards. The Tors had more trouble in the 2nd half but were able to contain the Yellow Jackets.

The best defensive players were Joe Thibodeaux and Steve LeDoux.

SULPHUR HANDED FIRST DEFEAT

The Istrouma Indians blanked the unbeaten Tors with a 10-0 crushing display of defensive football. Sulphur went into the game ranked number five in the state with a 4-0-1 record.

Istrouma scored a touchdown in the second quarter and kicked a field goal in the 4th. Sulphur moved the ball with regularity in the first half, but were completely bottled up in the second period.

Terry Saucier was Sulphur's most effective runner, gaining 48 yards on 10 carries. Buddy Fontenot played a fine defensive game at end and Ronnie Daigle did a good job at tackle.

LAFAYETTE 21—SULPHUR—not enough

Lafayette Lions defeated Sulphur 21-13 for the first time since 1958. The Tors could not contain the fine running backs of Lafayette and were down 14 to 6 at the half. Sulphur had 16 first downs and gained 251 yards passing and rushing, but Maurice LeBlanc, All State halfback, escaped for three long runs.

This was one of the best offensive nights for the Tors with Frank Blake hitting Bradley Thompson on several beautiful pass plays. Jimmy Barton and Terry Saucier led the rushers. Joe Thibodeaux, Mark Powers, Arthur Davis all did an excellent job on defense except for three long runs. This eliminated all chances for the Tors in District 2AAA.

SULPHUR-LAKE CHARLES—A good day

Sulphur's golden Tors closed out the season with the most one-sided score in the history of the Lake Charles-Sulphur twenty-two year series. The Tors took advantage of every Lake Charles mistake, added some fine plays of their own, and ran up a score of 41-0, to give them a winning season.

D. L. Martine and Jimmy Barton led the rushing attack. D. L. made the longest run of the year, 71 yards for the final touchdown. Don Perkins kicked 5 for 5 extra points, after missing the first one. Roger Ledoux contributed some fine running and scored once. Frank Blake completed several key passes, one for a touchdown to Buddy Fontenot. He directed the team flawlessly.

For the seniors it was a fine way to close out the season. Elton West and Joe Thibodeaux had a great night on both offense and defense. Charles King, Buddy Fontenot, Darrell Ardoin, Gary Baker, K. K. Stine, Jerry Key, and Don Nelson all contributed to the finest Sulphur game of the season.

Golf — 1963 season

1962-1963 GOLF TEAM

Sulphur High's golf team participated in the following meets.

February 22, 1963—At Tyrrell Park in Beaumont the Sulphur High School Golf Team placed 16th in competition of 34 high schools.

March 8, 1963—The Tors placed in a three-way tie for 12th in 30 schools' competition, at the Sunset Grove Country Club in Orange, Texas.

March 22, 1963—At Oakbourne Country Club in Lafayette, Sulphur placed third behind Lafayette and LaGrange.

April 19, 1963—The Tors were defeated in a match with Jennings in Jennings but in their second match in Sulphur, the Tors tied the unsuspecting Bulldogs.

May 3, 1963—The Sulphur High School Golf Team placed fifth, in their best performance of the season at Lake Charles Country Club in a field of 28 high schools from Louisiana and Texas.

The traveling team consisted of Frank DiGeorge, Craig Burns, Danny Hereford, Robert Babineaux, and Danny Stone.

Cross Country Track — 1963-64 Season

Jerry Petross, Carl Benoit, Steve Henrich, Steve Carnahan, Ted Chapman.

Roy Wall, Pat McLemore, Edwin Arnold.

In the first meet of the season the Sulphur cross country squad traveled to Lake Charles to meet Lake Charles, For Park and Orange in a quadrangular meet. The 2½ mile course ended with Sulphur and Lake Charles alternating runn from first to sixth place. Ted Chapman was second with time of 11:39; Steve Carnahan, fourth with 11:43; and St Henrich, sixth with 11:54. The final score was Lake Charles 28, Sulphur 45, Forest Park 61, and Orange 90. The te with the lowest number of points is the winner.

For the first time in Sulphur High history the "Big Three" came together for a cross-country meet. The final score Lake Charles 28, Sulphur 49, and La Grange 59.

The Sulphur squad then traveled to New Orleans to the annual Turkey Day Festival meet at Thanksgiving.

College and high school teams from Texas, Louisiana, Mississippi, Alabama, and Florida competed in this grueling fi mile run. In a field of 190 runners, Sulphur High's team of five runners placed second with a combined team time 156:32. Individual places earned were:

Ted Chapman	5th	Carl Benoit	22nd
Steve Henrich	6th	Jerry Petross	58th
Steve Carnahan	8th

Leadership and Service

National Beta Club of Sulphur High School is dedicated to the promotion of leadership, development of character, and high scholastic achievement in its members and the students of our school. Beta strives to serve in order to achieve something greater than private success. During the busy year, our club has sponsored an honesty campaign for which posters were made and distributed throughout the school. To help carry out the themes of Christmas and Thanksgiving, clothes, presents, and baskets of food were presented to needy families of our area, and to the Salvation Army.

State Convention in Baton Rouge, Beta Play Day (a day of recreation and fellowship), and the annual installation of officers and new members all combine to highlight the activities of the year for this organization of youth which serves its school, community, state, and nation.

Lead the way toward higher intelligence

Mr. John Land received the 1963 "Teacher of the Year" Award.

The FTA entertained the faculty at a coffee party.

FTA is your opportunity:

To improve your own character and personality.
To take a realistic look at teaching, its many opportunities, challenging problems and services to humanity.
To study and identify the qualities, traits, and aptitudes which good teachers possess.
To observe and try your hand in many teaching situations.
To explore your own interests, abilities, and skills.
To study and visit colleges and universities so that you may select wisely the school which will influence your entire career and life.
To get ready for college so that you may be successful as a student.

Sodalitas Latina Sulphuris

Dianne Simpson, Roycelyn Barfield, Susan Mount, Herschel Franks, Lea Adkins.

OFFICERS

President ..... Herschel Franks
Vice-President ..... Roycelyn Barfield
Secretary ..... Dianne Simpson
Treasurer ..... Lea Adkins
Historian ..... Susan Mount

Sodalitas Latina Sulphuris is a society of Sulphur High School students bound together by their common interest in Latin and dedicated to their club motto, Scientiam petamus (Let us seek knowledge). The local club is affiliated with both state and national Junior Classical League. Thus Sodalitas Latina is a chapter in a national organization with more than a hundred thousand members who in the words of their National song are "growing in knowledge, truth, and fellowship."

At regular club meetings, Sodalitas Latina members participate in programs designed to promote interest in classical civilization and language; to encourage the appreciation of classical influence upon the modern world; to explore classical philosophy in their search for justice, liberty truth, and integrity; and to foster fellowship and leadership.

Besides the regular meetings, Sodalitas Latina holds several special meetings. Among the special meetings this year have The tea honored new members and the parents of both old and new members. On that occasion Professor Wayne Frederick of the classics department of U.S.L. was the guest speaker.

LATIN CLUB MEMBERS

ROW I: Kathy Hicks, Sandra Riggs, Edith Carey, Marie Bourque, Jeanette Youngblood, Cathy Ableson, Dianne Vincent, Marcia Trew. ROW II: Roycelyn Barfield, Betty Doiron, Lea Adkins, Carla Jo Lowrey, Jackie Reinstein, Carol Koonce, Dianne Simpson. ROW III: Mickey Peshoff, John Hanna, Dennis Sumpter, Mark Devers, Susan Mount, Donna Bland. ROW IV: Raymond Griswold, Jim Kittell, Roland Peveto, Charles Harris, Gary Morgan, Harlan Goodwin.

Growing in knowledge, truth, and fellowship

At the Roman banquet, Roman foods served in Roman style were enjoyed by chaperones and students attired in Roman costumes.

A high point of the year's activities is attending the state convention in the spring at which time our local club members and more than five hundred other J.C.L. students of Louisiana vie for honors in mythology, derivatives, translation, oratory, costumes, posters, scrapbooks, etc. In the spring of '63, at the state convention in Shreveport, Donna Bland, Virginia Simons Carla Lowrey, Herschel Franks, Sue Simpson, and Susan Mount won honors and accumulated sufficient points to give Sulphur an over-all third place in the state. At that convention Sulphur High School won recognition with Donna Bland's being chosen state historian. At that convention also Sandra Koonce, because of her excellent achievement as a Latin student, was awarded a $100 scholarship to be used in furthering her Latin study in college.

For six Sodalitas Latina Sulphuris members '63 held an experience which surpassed even the state convention in interest. In August, Donna Bland, Jane Dartez, Herschel Franks, Carla Lowrey, Susan Mount, and Dianne Simpson, with their sponsor, Mrs. W. C. Hanna, attended the national J.C.L. Convention at the University of Kansas, They made the trip by chartered bus with sponsors and students from other Louisiana Latin clubs.

At the national convention the Sulphur delegation took active part and won some worthwhile honors for their school and their state. Dianne Simpson was finalist in the national costume contest; Susan Mount was among those privileged to play in the national J.C.L. band; Jane Dartez and Carla Lowrey were chosen to sing in the national J.C.L. chorus; and Donna Bland won second place in the nation in the Latin I derivative contest.

This year the state convention will be held in April in Baton Rouge, and the national convention will be held in August at the University of Illinois. Representatives from Sodalitas Latina Sulphuris plan to attend both meetings.

The National Science Clubs of America, by pinning together high school students who are interested in or are seeking a career in science, promote an increasing desire for the exploration and experimentation of scientific principles.

Field trips, educational films, and professional speakers all help to make Sulphur High's science club a working academic organization.

The Library Club is made up of students who help with library work, assist the student body in finding books, and library materials.

The objectives of the club are: To increase pupil interest and participation in library work, to promote friendship and cooperation between the librarians and student librarians clubs throughout the state, to attract good pupil assistants and to arouse interest in library work as a profession.

According to points earned, four members are selected to participate in the State Convention held at L.S.U.

This organization is open to all students in high school with a study period.

Parliamentarian ..... Ronald Harrington

4-H CLUB OFFICERS

Elizabeth Hughes, Gaynell Darphin, Jo Ann Smith, Terrel Thibodeaux, Ronald Harrington.

4-H is a club designed to develop citizenship and leadership among the nation's youth.

Jo Ann Smith has represented the club at various local and state activities. She was chosen outstanding Junior Leader for Calcasieu Parish and girl representative for Calcasieu Parish to attend a Junior Leadership Camp. One of her lambs was chosen as one of the top ten lambs of the state to represent Louisiana at the International livestock show held in Chicago, Illinois.

Gaynelle Darphin shows animals at livestock shows all over that state. One of her lambs was selected as one of the top ten to be shown at Chicago International Livestock Show. She is presently serving as Secretary of the Calcasieu Parish 4-H executive board. Elizabeth Hughes has gotten good publicity for the club as club reporter. Peggy Carlin has won first place in animal shows in the area and represented Calcasieu Parish at the State Contest for two years.

The 4-H work offers a wonderful opportunity to learn and develop leadership. There is something for everyone in 4-H.

Delegates to Kansas City

The Future Farmers of America is a National Organization of boys studying vocational agriculture. It is an intra-curricular activity having its origin and root in a definite part of the school curriculum—Vocational Agriculture. The foundation upon which the Future Farmers of America organization is built, includes leadership and character development, sportsmanship, cooperation, service, organized recreation, citizenship and patriotism.

Our local chapter here at Sulphur High School was chartered on November 16, 1946. This past year, under the leadership of Roger Burkholder, president, the Sulphur chapter was awarded the second highest placing on the National level, the Silver Emblem Award. This marks the 8th time in 17 years as a chapter that Sulphur FFA has received a National best Chapter award.

No use getting up-in-the-air about them.

Hands Off, Woods!!!!

Now I can see tne world.

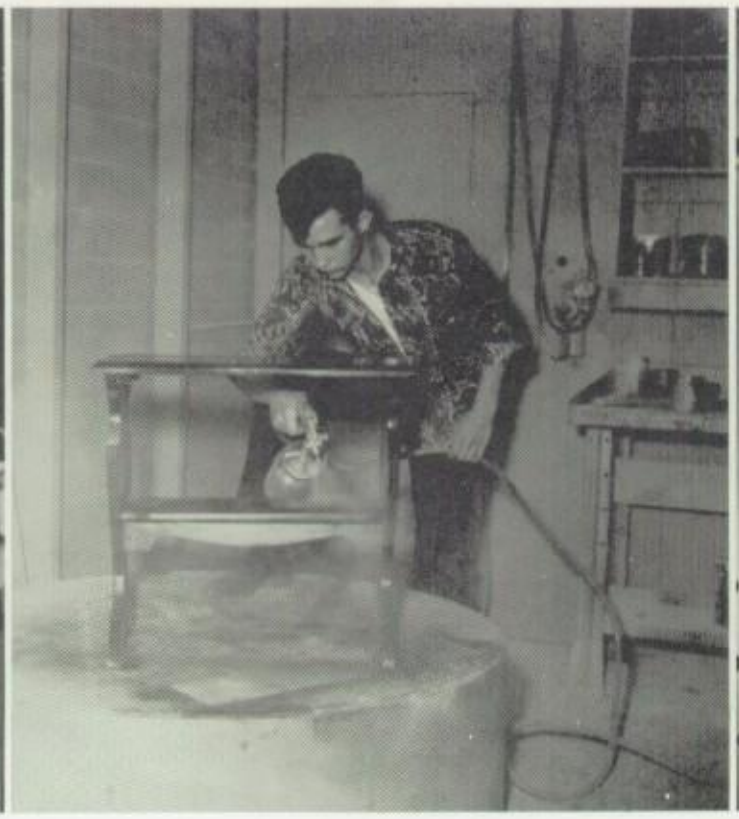
Don't get lost in the blizzard.

I'm still trying out for kindergarten.

Good-by, Cruel World.

Here and there on the campus

Sew be it!



Finishing touches on my masterpiece.

One—two-o-o-o-o

Watch the finger!

But which one?

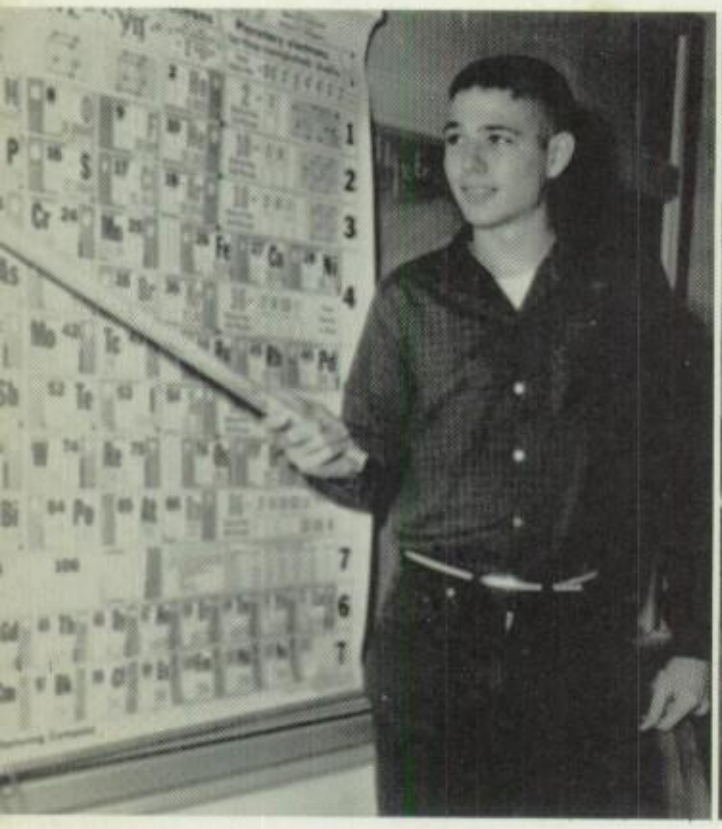
Only her dentist knows for sure!

Our own Tarzan.

If it's not Wilson himself!

Don't touch that—it's poison!

Snaps from here and there



You mean I'm supposed to learn all these?

A far cry from the javelin.

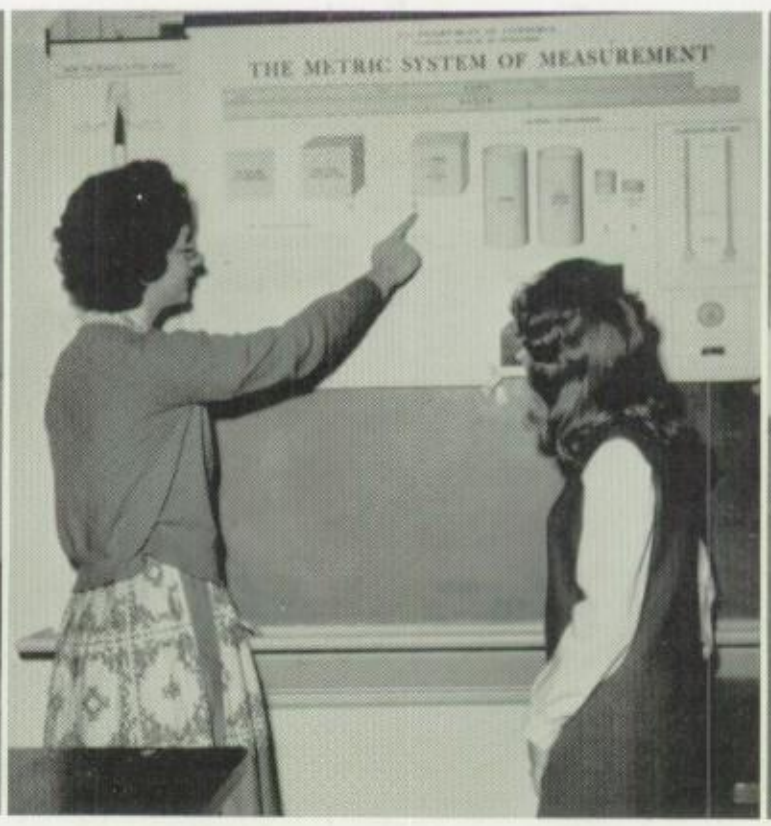
I just don't think this is going to work!

Graceful, aren't we?

Roy is a little bewildered over being a senior.

Just dreaming . . .

Charles and Mickey—artists?!?



I just don't believe a word of it.

Well, what do you expect, coach?

Maintenance Staff

Mr. Curdey J. Cormier, Mr. Preston Wilks, Mr. Frank Koonce, Mr. Louis Thibodeaux, Mr. Loveless Begnaud.

Head Custodian—MR. CURDEY CORMIER
414 Avenue A
JA-7-3355

MRS. LOUIS THIBODEAUX

. . . and now the staff can play —

To one of the best friends I have ever known and will be the best miler Sulphur will have ever had

Best of Luck,
Jimmy B.

Best of Luck
Jim

Bryan,
You're a friend
a guy can depend
on and a very
fine athlete

R Ray

Best of Luck from—
friend.
a sweet military

Bryan, the boy with the
real cute smile
Stay as dumb (nice) as
you are. Love You
Susan.

P.S. Don't get drafted
soon!
